REVIEW OF OPERATIONS
By the Grace of Almighty Allah, during the period under review your Company performed well. The Company's sales increased by 37.37 \% and gross profit increased by $303.20 \%$ as corresponding to last corresponding period. Factor which contributed for achieving these extra ordinary profits, are US dollar devaluation, increase of yarn prices and management of raw material procurement by the Company

## EARNING PER SHARE

The earnings per share for the 1st quarter ended September 30, 2018 is Rs.23.57 per share as compared to Rs.2.26 per share of the previous corresponding period.

## FUTURE PROSPECTS

Keeping in view the further devaluation in October 2018 of US dollar against $r$ upee, the yarn prices are expected to rise further locally in the second quarter of the year 2018-19. On the other hand cost of sales will increase further due to lower than estimated cotton crop for the year 2018-19, insufficient support from Government, poor quality seeds, shortage of water and conversion of cotton production acerage to sugar can production.In addition to these higher cost of labor energy and withdrawl of DLTL are posing a risk to the growth of spinning industry. Pakistan's exports are u ncompetitive in the global market because of higher cost of production. Despite these difficulties, the management is sure that the Company will get better results for the coming quarters as well.

## ACKNOWLEDGEMENT

The Directors acknowledge the contribution of each and every employee of the Company. We would like to express our thanks to our customers for the trust $t$ hey have shown in our products and the bankers for continued support to the Company. We are also grateful to our shareholders for their confidence in our management.
