#### **CHAIRMAN'S REVIEW**

FOR THE YEAR ENDED JUNE 30, 2024

Dear Shareholders,

On behalf of the board of Directors, I am pleased to present to you the annual results of the company for the year ended June 30, 2024. I would like to take this opportunity to invite you for the 67th Annual General Meeting of the Company.

#### **Review of the Boards Performance**

The Board recognizes that well-defined corporate governance processes are vital in enhancing corporate accountability and is committed to ensuring high standards of corporate governance to preserve and maintain stakeholders' value. The composition of the Board depicts reasonable balance and diversity, including independent directors. The Board possesses the requisite skills, core competencies, and industry knowledge to lead the Company effectively. During the year, the Board performed its duties as required under the Companies Act, 2017, and the Listed Companies (Code of Corporate Governance) Regulations, 2019, effectively and diligently. The Board has confirmed that internal control systems are sound in design and have been effectively implemented and monitored by the Board Audit Committee. The annual evaluation of the performance of the Board as a whole and its committees has been carried out following the requirements of the Regulations to ensure that the Board's overall performance is in line with the developed comprehensive criteria and found its performance satisfactory.

#### **Review of Company's Performance**

For the financial year ended June 30, 2024, the Board's overall performance and effectiveness has been assessed as satisfactory. Sales of the Company have shown growth amounting to Rs. 67.7 billion however gross profit margins have reduced from 7.46% to 6.02%. The net profit after tax has decreased from Rs. 707.952 million to Rs.72.995 million.

Further, I would like to appreciate the hard work of the management in achieving these results during a challenging economic landscape. The management is working towards improving efficiencies in operations, sales and marketing to emerge as a market leader.

On behalf of the board, I would like to thank all stakeholders for their continued confidence in the Company and for their support, dedication and hard work

October 04, 2024 Chairman

Naveed Ahmed

# **Directors' Review**FOR THE YEAR ENDED JUNE 30, 2024

The Directors of Indus Dyeing and Manufacturing Company Limited are pleased to present the Annual Report together with the audited Financial Statements for the year ended June 30, 2024 before the Sixty-Seven Annual General Meeting of the Company.

| Earnings per shar-e basic and diluted (net) | 9.82        | 36.74       |
| • ,   |             |             |

#### DIVIDEND

The Board of Directors have not declared any dividend for the year ended June 30, 2024 account of working capital requirements and the liquidity position.

#### **EARNING PER SHARE**

The consolidated earnings per share is Rs. 9.82 as compared to Rs. 36.74 per share last year. Earnings per share of the Company on a stand-alone basis is Rs. 1.35 per share as compared to Rs. 13.06 per share last year.

#### CHANGE IN NATURE OF BUSINESS

No change occurred in the nature of Company's business during the period.

#### **BUSINESS OVERVIEW**

Company performance is satisfactory with growth in sales. During the year under review group sales of the company has increased by 29.5 % over the last year and has earned net profit after tax of Rs. 532.647 million over last year profits of Rs. 1,992.117 million.

#### **FUTURE OUTLOOK**

The global economy is anticipated to grow at a moderate pace, with Pakistan's GDP projected to expand at just under 4%. Inflation is expected to ease in the coming year, and the State Bank of Pakistan (SBP) may lower the discount rate further in response to global price trends. The domestic currency has shown stability with the onset of the new year, and continued policy consistency is essential to maintain this trend. The government has also secured a staff-level agreement with the IMF for a USD 7 billion Extended Fund Facility (EFF), which is expected to materialize soon. This agreement could pave the way for other international lenders to extend or roll over their financial facilities.

A major challenge for the textile sector this year is the damage to Pakistan's cotton crop due to persistent Monsoon rains, particularly in key cotton-producing regions. Continuous rainfall has delayed harvesting and led to a sharp drop in seed-cotton arrivals, forcing many ginning factories to cease operations due to

insufficient supply. As of mid-August, cotton arrivals dropped significantly to just 1.0 million bales, compared to 2.1 million bales during the same period last year. Heavy rains have worsened the situation, further damaging the crop.

Additional challenges arise from measures introduced in the Finance Bill, including the withdrawal of the zero-rating facility on local supplies under the Export Facilitation Scheme (EFS), the imposition of duties on raw material imports, an increase in infrastructure CESS, and a shift in the taxation system from a Final Tax regime to a Normal Tax regime. These changes are straining cash flow management and making Pakistan textile sector less competitive in the international market.

#### **CORPORATE SOCIAL RESPONSIBILITY**

The management work towards empowering people by helping them develop the skills they need to succeed in a global economy. The company equips communities with information, technology and the capacity to achieve improved health, education and livelihood outcomes.

Key to this approach are employees of the company who generously give of their time, experience and talent to serve communities; company encourages and facilitate them to do so.

#### **POST BALANCE SHEET EVENTS**

No material changes and commitments affecting the financial position of the company have occurred between the end of the financial year to which this balance sheet relates and the date of the Director's report.

#### **RELATED PARTY TRANSACTION**

The company has presented all related party transactions before the audit committee and the Board for their review and approval. These transactions have been approved by the Audit Committee and Board in their respective meetings. The details of all related party transactions have been provided in Note 42 of the annexed financial statements for the year ended June 30, 2024.

#### CORPORATE GOVERNANCE, FINANCIAL REPORTING AND INTERANAL CONTROL SYSTEM

The Company is committed to good corporate governance and compliance with best practices. The requirements of the Code of Corporate Governance set out by the Pakistan Stock Exchange in their Listing Regulations have been duly complied with. A Statement to this effect is annexed with the Report.

We are pleased to report that:

- The financial statements, prepared by the management of the Company present its state of affairs fairly, the result of its operations, cash flows and changes in equity.
- Proper books of accounts of the company have been maintained.
- Appropriate accounting policies have been consistently applied in the preparation of financial statements and any departure there from has been adequately disclosed and explained.
- The system of internal control is sound in design and has been effectively implemented and monitored. Emphasis is being done on control procedures to ensure that the policies of the company are adhered with and in case of any anomaly, rectification is done timely.
- The board is satisfied that the company is a going concern, Auditors have emphasized the matter of going concern in their report however these financial statements have been prepared on going concern assumption for reasons more fully disclosed in the financial statements.

- Key operating and financial data for the last six year is annexed.
- There are no statuary payments on account of taxes, duties, levies and charge which are outstanding as on June 30, 2024 except for those disclosed in financial statements.

3. Pursuant to Section 223 of the Companies Act, 2017, the Company is allowed to send audited financial statements and reports to its members electronically. Members are therefore requested to provide their valid email IDs. For convenience, a Standard Request Form has also been made available on the Company's website www.indus-group.com

#### 4. Access and Transmission of Annual Report

In accordance with the provision of section 223 of the Companies Act, 2017, and pursuant to S.R.O. 389(1)2023 dated March 21, 2023, the Company has circulated the notice of AGM along with QR enabled code and web link to view and download the audited financial statements of the Company for the year ended June 30, 2024.

#### 5. Transmission of Annual Report through Email

Pursuant to the SRO No. 787(I)/2024 dated: September 08, 2014, issued by the Securities and Exchange Commission of Pakistan, permitted the Company to circulate its Annual Balance Sheet, Profit and Loss Account, Auditor's Report and Directors' Report etc., ("Annual Report") along with the notice of Annual General Meeting ("Notice"), to its shareholders by email. Shareholders of the Company, who wish to receive the Company's Annual Report and Notice by email, are requested to provide complete Electronic Communication details to the Share Registrar of the Company. However, the Company may provide a hard copy of the Annual Report and Notice to such members on their request, free of cost, within seven days of receipt of such request.

- 6. Members (Non-CDC) are requested to promptly notify the Company's Registrar of any change in their addresses and submit, if applicable to them, the Non-deduction of Zakat Form CZ-50 with the Registrar of the Company M/s. Jwaffs Registrar Services (Pvt) Ltd, 407-408 Al-Ameera Center, Shahra-e-Iraq, Saddar, Karachi.
- 7. A member of the Company entitled to attend and vote at this meeting, may appoint another member as his/her proxy to attend and vote instead of him/her. Proxies, in order to be effective, must be received at the Registered Office of the Company not less than 48 hours before the time for holding the meeting.

8. CDC Account Holders will further have to follow the under mentioned guidelines as laid down by the Securities and Exchange Commission of Pakistan.

#### A. For Attending the Meeting

- i. In case of individuals, the accounts holders and/or sub-account holder and their registration details are uploaded as per the CDC Regulations, shall authenticate his/her identity by showing his original CNIC or Passport at the time of attending the Meeting.
- ii. In case of corporate entity, the Board of Directors' resolution / power of attorney with specimen signature of the nominee shall be produced (unless it has been provided earlier) at the time of the Meeting.

#### B. For Appointing Proxies

- i. In case of individuals, the account holders and/or sub-account holder and their registration details are uploaded as per the CDC Regulations, shall submit the proxy form as per the above requirements.
- ii. The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the form.
- **iii.** Attested copies of CNIC or the passport of the beneficial owner and the proxy shall be furnished with the proxy form.
- iv. The proxy shall produce his/her original CNIC or original Passport at the time of meeting.
- v. In case of corporate entity, the Board of Directors' resolution/power of attorney with specimen signature shall be submitted (unless it has been provided earlier) along with proxy form to the Company.
- 9. Members are requested to notify Change in their addresses, if any; in case of book entry securities in CDS to their respective participants/investor account services and in case of physical shares to the Registrar of the Company by quoting their folio numbers and name of the Company at the above mentioned address, if not earlier notified/submitted.

#### 10. Deduction of Income Tax from Dividend under Section 150 of the Income Tax Ordinance, 2001

Pursuant to the provisions of the Finance Act 2019 effective July 1, 2019, the rates of deduction of income tax from dividend payments under the income Tax Ordinance, have been revised as follows:

| (a) | Rate of tax deduction for filer of income tax returns | 15% |
|-----|---|-----|
| (b) | Rate of deduction for non-filer of income tax returns | 30% |

The income tax is deducted from the payment of dividend according to Active Tax-Payers List (ATL) provided on the website of FBR. All those shareholders who are filers of income tax returns are therefore advised to ensure that their names are entered into ATL to enable the Company to withhold income tax from payment of cash dividend @ 15% instead of 30%.

Further, according to clarification received from FBR, withholding tax will be determined separately on 'Filer/Non Filer' status of Principal Shareholder as well as Joint-holder(s) based on their shareholding proportions in case of joint accounts held by the shareholders.

In this regard, all shareholders who hold shares jointly are requested to provide the shareholding proportions of Principal Shareholder and Joint-holders in respect of shares held by them to our Shares Registrar, in writing. The joint accounts information must reach to our Shares Registrar within 10 days of this notice. In case of non-receipt of the information, it will be assumed that the shares are equally held by Principal Shareholder and the Joint-holder(s).

Members seeking exemption from deduction of income tax or are eligible for deduction at a reduced rate are requested to submit a valid tax certificate or necessary documentary evidence as the case may be.

19

#### 11. Dividend Mandate and Payment of Cash Dividend through Electronic Mode

The provisions of Section 242 of the Companies Act, 2017 require that the dividend payable in cash shall only be paid through electronic mode directly into the bank accounts designated by the entitled shareholders. Therefore, for making compliance to the provisions of the law, all those physical shareholders who have not yet submitted their IBAN bank account details to the Company are requested to provide the same on the Dividend Mandate Form available on Company website at https://www.indus-group.com.

Non CDC shareholders are requested to send valid and legible copy of CNIC/Passport (in case of individual) and NTN Certificate (in case of corporate entity) to the Registrar of the Company. Please note that CNIC number is mandatory for issuance of dividend warrants and in the absence of this information payment of dividend shall be withheld.

CDC shareholders who have also not provided their IBAN bank account details are also requested to provide the same to their Participants in CDC and ensure that their IBAN bank account details are updated. In case of unavailability of IBAN, the Company would be constrained to withhold dividend in accordance with the Companies (Distribution of Dividends) Regulations, 2017.

# 12. Video-Link Arrangement for online Participation in the 67th Annual General Meeting of the Company

Shareholders interested in attending the Annual General Meeting (AGM) through video link facility are requested to get themselves registered with the Company Secretary office at least two working days before the holding of the time of AGM at **corporate.affairs@indus-group.com** by providing the following details: -

#### 14. Deposit of Physical Shares into Central Depository

As per Section 72 of the Companies Act, 2017, every existing listed company shall be required to replace its physical shares with book-entry form in a manner as may be specified and from the date notified by the Commission, within a period not exceeding four years from the commencement of the Act i.e. May 30, 2017. Further SECP vide Letter dated March 26, 2021 has advised to comply Section 72 of the Act and encourage shareholders to convert their shares in book –entry form.

In light of above, shareholders holding physical share certificates are requested to deposit their shares in Central Depository by opening CDC sub-accounts with any of the brokers or Investor Accounts maintained directly with CDC to convert their physical shares into scrip less form. This will facilitate the shareholders to streamline their information in member's Register enabling the Company to effectively communicate with the shareholders and timely disburse any entitlements. Further, shares held shall remain secure and maintaining shares in scrip less form allows for swift sale / purchase.

#### 15. Unclaimed Dividends and Bonus Shares

Shareholders, who for any reason, could not claim their dividend and/or bonus shares are advised to contact our Shares Registrar M/s. Jwaffs Registrar Services (Pvt) Limited to collect/enquire about their unclaimed dividends and/or bonus shares if any.

#### 16. Postal Ballot

Pursuant to companies (Postal Ballot) Regulations, 2018 for the agenda item subject to the requirements of Section 143 and 144 of the Companies Act, 2017, members will be allowed to exercise their right of vote through e-voting, in accordance with the requirements and procedure contained in the aforesaid regulations.

# Statement of Material facts concerning special business pursuant to section 134 (3) of the Companies Act, 2017

This statement sets out the material facts concerning the Special Business given in agenda item(s) No.5 to 6 of this Notice of AGM, which will be considered to be transacted in the AGM of the Company. The purpose of this statement is to set forth the material facts concerning such Special Businesses:

#### Agenda Item No. 5 & 6 of the Notice -

The related parties transactions carried out in normal course of business with associated companies and related parties were being approved by the Board of Directors as recommended by the Audit Committee on quarterly basis pursuant to Section 208 of the Companies Act, 2017 and Rule 15 of the Listed Companies (Code of Corporate Governance) Regulations, 2019. However, the majority of Company Directors were interested in these transactions due to their common directorship and holding of shares in the group companies, the quorum of directors could not be formed for approval of these transactions pursuant to Section 207 of the Companies Act, 2017 and therefore, these transactions have to be approved by the shareholders in General Meeting as a special resolution in terms of section 208 of the said Act.

The transactions with related parties carried out during the fiscal year 2023-2024 to be ratified as disclosed in Note No. 41 of the Financial Statements of the Company for the year ended June 30, 2024

Likewise, since related party transactions are an ongoing process and a restriction to carry out business with related parties merely due to absence of valid quorum would adversely affect the business of the Company. Therefore, shareholders are being approached to grant the broad approval for such transactions to be entered into by the Company, from time to time, at the discretion of the Board (and irrespective of its composition affected due to majority of Board members are interested in any agenda item). The Company shall comply with its policy pertaining to transactions with related parties as stated above to ensure that the same continue to be carried out in a fair and transparent manner and on an arm's length basis. This would also ensure compliance with the Section 208(1) of

the Companies Act, 2017 of which requires that shareholders' approval shall be required where the majority directors are interested in any related party transactions and regulation 4 of the Companies (Related Party Transactions and Maintenance of Related Records) Regulations, 2018 which sets out the conditions for transactions with related parties to be characterized as "arm's length transactions" and states that the parties to the transaction must be unrelated in any way.

Further; it is not possible for the Company or the directors to accurately predict the nature of the related party transaction(s) or the specific related party(ies) with which the transaction(s) shall be carried out. In view of the same and in order to ensure smooth supply during the year, the Company seeks the broad approval of the shareholders that the Board may cause the Company to enter into transactions with related party / parties from time to time in its wisdom and in accordance with the policy of the Company for the fiscal year 2024-25.

All such transactions will be clearly stipulated at the end of the next financial year in the company's Annual Report. In however addition to this all such transactions shall also be placed before the shareholders in the next General Meeting for their noting approval/ ratification.

The Directors are interested in these resolutions only to be extent of their common directorship and shareholding in the associated companies.

#### **Directors Interest:**

The Directors do not have any interest in the Special Business, whether directly or indirectly, except to the extent of their shareholding in the Company.

# INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF INDUS DYEING & MANUFACTURING COMPANY LIMITED

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Indus Dyeing & Manufacturing Company Limited (the Company) for the year ended June 30, 2024 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2024.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INDUS DYEING AND MANUFACTURING COMPANY LIMITED REPORT ON THE AUDIT OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

#### **Opinion**

We have audited the annexed unconsolidated financial statements of Indus Dyeing and Manufacturing Company Limited (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2024 and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information (herein after referred 'as unconsolidated financial statements'), and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2024 and of the profit, the other comprehensive income, the changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current year. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

| S.No. | Key audit matter  | How the matter was addressed in our audit  |  |  |
|-------|---|--|--|--|
| 1     | Revenue from Contracts with Customers   |  |  |  |
|       | The Company is engaged in manufacturing and sale of yarn. Revenue recognition policy has been explained in note 4.14 to the unconsolidated financial statements, and the related amounts of revenue recognized during the year are disclosed in note 28 to the unconsolidated financial statements. | Our audit procedures to address the Key Audit Matter included the following:  • Considered the appropriateness of revenue recognition policy and compared it with the applicable accounting and reporting standards; |  |  |

The Company generates revenue by exporting and selling locally.

Revenue from the local and export sales (including indirect exports) is recognized when performance obligation is satisfied as per the requirements of the International Financial Reporting Standard (IFRS) 15 – 'Revenue from Contracts with Customers'. During the year, net sales has increased by 37.29% which is mainly due to increase in the volume.

We considered revenue recognition as key audit matter as it is one of the key performance indicators of the Company and for the year revenue has been increased significantly comparing to previous year. In addition to that, occurrence and recognition of revenue in correct period is considered as significant risk as part of audit process.

- Obtained an understanding of revenue from customers and assessed the design and implementation of controls established for recognition of revenue;
- Checked on sample basis relevant underlying supporting documents for ensuring that management has complied with the revenue recognition criteria as per IFRS 15;
- Tested timeliness of revenue recognition by comparing individual sales transactions before and after the year end to underlying documents and by checking significant credit notes issued after year-end, if any; and
- Evaluated the adequacy and appropriateness of disclosures made in the unconsolidated financial statements.

#### 2 Valuation of stock in trade

Stock-in-trade has been valued following an accounting policy as stated in note 4.5 to the unconsolidated financial statements and stock-in-trade is disclosed in note 10 to the unconsolidated financial statements. Stock-in-trade forms material part of the Company's assets comprising around 25.45% of total assets.

The stock in trade is carried at lower of cost or net realizable value. The cost of finished goods and work in process is determined using the average manufacturing costs including production overheads, which includes judgment in relation to the allocation of overheads, which are incurred in bringing the finished goods to its present location and condition. Judgments are also involved in determining the net realizable value (NRV) (estimated selling price in the ordinary course of business less estimated cost of completion and estimated costs necessary to make the sale) of stock-in-trade items in line with accounting policy.

Due to the above factors, we have considered the valuation of stock in trade as key audit matter.

Our audit procedures to address the valuation of stock-in-trade, included the following:

- Obtained an understanding of mechanism of recording purchases and valuation of stock-in-trade;
- Tested on a sample basis purchases with underlying supporting documents;
- Verified on test basis, the moving average calculations of raw material as per accounting policy;
- Verified the calculations of the actual overhead costs and checked allocation of labor and overhead costs to the finished goods and work in process;
- Obtained an understanding of management's process for determining the NRV and checked future selling prices by performing a review of sales close to and subsequent to the year-end and costs necessary to make the sales; and
- Checked the calculations of NRV of itemized list of stock-in-trade, on selected sample and compared the NRV with the cost to ensure that valuation of stock-in-trade is in line with the accounting policy.

#### Information Other than the Unconsolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the unconsolidated financial statements and our auditor's report thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is **Shafqat Ali.**

# Notes to the Unconsolidated Financial Statements For the year ended June 30, 2024

#### 1. LEGAL STATUS AND NATURE OF BUSINESS

Indus Dyeing & Manufacturing Company Limited (the Company) was incorporated in Pakistan on July 23, 1957 as a public limited company under the repealed Companies Act,1913 (subsequently replaced by the Companies Ordinance, 1984 and now Companies Act, 2017). Registered office of the Company is situated at Office No. 508, 5th floor, Beaumont Plaza, Civil Lines, Karachi. The Company is currently listed on the Pakistan Stock Exchange Limited. The principal activity of the Company is manufacturing and sale of yarn. The manufacturing facilities of the Company are located in Karachi, Hyderabad and Muzaffargarh. The addresses of these facilities are as follows:

Manufacturing Unit Address

Hyderabad P-1, P-5 S.I.T.E, Hyderabad, Sindh

Karachi Plot Number 03 & 07, Sector 25, Korangi Industrial Area, Karachi

Muzaffargarh, Bagger Sher, District Multan

The Company has the following investees:

- Indus Lyallpur Limited - Wholly owned subsidiary

- Indus Home Limited Wholly owned subsidiary
- Indus Home USA Inc. Wholly owned subsidiary of Indus Home Limited
- Indus Wind Energy Limited Wholly owned subsidiary
- Sunrays Textile Mills Limited Associated undertaking

#### 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS standards, the provisions of and directives issued under the Companies Act, 2017 has been followed.

These are separate financial statements wherein subsidiaries and associates are measured at cost.

#### 2.2 Functional and presentation currency

Items included in the unconsolidated financial statements are measured using the currency of the primary economic environment in which the Company operates. These financial statements are presented in Pakistan Rupees which is the Company's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded off to the nearest thousand unless otherwise indicated.

#### 2.3 Basis of measurement

These unconsolidated financial statements have been prepared under the historical cost convention except for employee retirement benefits, right of use of asset and lease liability which are measured at present value and certain financial instruments which are carried at fair value.

#### 2.4 Amendments to accounting standards that are effective for the year ended June 30, 2024

The following amendments are effective for the year ended June 30, 2024. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's unconsolidated financial statements other than certain additional disclosures.

- Amendments to IAS 1 'Presentation of Financial Statements' and IFRS practice statement 2 'Disclosure of accounting policies'
- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' Definition of accounting estimates
- Amendments to IAS 12 'Income Taxes' deferred tax related to assets and liabilities arising from a single transaction
- Amendments to IAS 12 ' Income Taxes' International Tax Reform Pillar Two Model Rules

#### 2.5 New standard and amendments to accounting standards that are not yet effective

The following new accounting standard and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's unconsolidated financial statements other than certain additional disclosures.

# Effective from Accounting period beginning on or after

| - | Amendments to IFRS 16 'Leases' - Clarification on how seller-lessee subsequently measures sale and leaseback transactions   | January 01, 2024 |
|---|---|------------------|
| - | Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current along with Non-current liabilities with Convenants | January 01, 2024 |
| - | Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7 'Financial Instruments Disclosures' - Supplier Finance Arrangements   | January 01, 2024 |
| - | Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability          | January 01, 2025 |
| - | IFRS 17 – 'Insurance Contracts' (including ammendments made in June 2020 and December 2021)   | January 01, 2026 |

Amendments IFRS 9 'Financial Instruments' and IFRS 7
'Financial Instruments Disclosures' - Classification
and measurement of financial instruments

January 01, 2026

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements
- IFRS 19 Subsidiaries without Public Accountability: Disclosures

#### 3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of unconsolidated financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires management to make estimates, assumptions and judgment that affect the application of policies and the reported amount of assets, liabilities, income and expenses.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the unconsolidated financial statements or where judgment was exercised in application of accounting policies are as follows:

- Depreciation rates and useful life of property, plant and equipment (note 4.1 and 6.1)
- Incremental borrowing rate used in discounting of future cashflows of right of use asset (note 4.1.3 and 6.5)
- Useful lives of intangibles (note 4.2 and 7)
- Net realizable value of stock-in-trade (note 4.5 and 10)
- Provision for slow moving and obsolete items (note 4.4 and 9)
- Provision for impairment of trade debts and other receivables (note 4.6.5, 11 and 14)
- Classification and impairment of investment (note 4.6.1, 4.6.5, 8 and 15)
- Provision for levies, current and deferred taxation (note 4.8, 35 and 36)
- Provision for gratuity (note 4.9 and 22)
- Discounting of Gas Infrastructure Development Cess (GIDC) (note 22.3)

#### 4. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these unconsolidated financial statements are set out below. These have been consistently applied to all the years presented, except for taxation policy as disclosed in note 4.8.

#### 4.1 Property, plant and equipment

#### 4.1.1 Operating fixed assets

Property, plant and equipment except freehold land, leasehold land and capital work in progress are stated at cost less accumulated depreciation and impairment loss, if any. Freehold land, lease hold land and capital work in progress are stated at cost, less impairment, if any.

Assets' residual values and their useful lives are reviewed and adjusted at each financial year end, if significant.

Depreciation is charged to income applying the reducing balance method at the rates specified in the note 6.1. Depreciation on all additions is charged from the month on which the asset is available for use and no depreciation is charged in the month of disposal.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit or loss and other comprehensive income during the financial year in which they are incurred.

Assets are derecognised when disposed or when no future economic benefits are expected from its use or disposal. Gains and losses on disposal of assets, if any, are recognised in the statement of profit or loss and other comprehensive income, as and when incurred.

### 4.1.2 Capital work in progress

These are stated at cost less accumulated impairment losses, if any. All expenditures connected with specific assets incurred and advances made during installation and construction period are carried under this head. These are transferred to specific asset as and when the asset is available for its intended use.

### 4.1.3 Right of use assets and lease liabilities

At inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The right-of-use asset is initially measured at cost, and subsequently at cost less any accumulated depreciation and impairment losses if any, and adjusted for certain re-measurements of the lease liability. The right-of-use asset is depreciated using the straight line method over the shorter of the lease term and the asset's useful life. The estimated useful lives of assets are determined on the same basis as that for operating fixed asset. In addition, the right-of-use asset is periodically reduced by impairment losses, if any.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payments made. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, a change in assessment of whether extension option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised.

Each lease payment is allocated between the liability and finance cost. The finance cost is charged to statement of profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The Company has elected to apply the practical expedient not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

## 4.2 Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment loss if any. Amortization is charged to statement of profit or loss using the reducing balance method at the rates given in note 7. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any change in estimate being accounted for on prospective basis.

#### 4.3 Investment in associate and subsidiaries

Associate is an entity over which the Company has significant influence but not control, generally represented by shareholding of 20% to 50% of the voting rights or common directorship.

Subsidiary is an entity which is controlled by the Company when it is exposed, or has rights, to variable returns from its involvement with such entity and has the ability to affect those returns through its power over the investee entity.

The investments in subsidiary and associate are stated at cost less any impairment losses in these unconsolidated financial statements. Subsequently, the recoverable amount is estimated to determine the extent of impairment losses, if any, and carrying amounts are adjusted accordingly. Impairment losses are recognised as expense in the statement of profit or loss. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments. Reversal of impairment loss is recognised in the statement of profit or loss adjusted for impairment, if any, in the recoverable amounts of such investments.

### 4.4 Stores, spares and loose tools

These are valued at lower of moving average cost and net realizable value less impairment, if any, for obsolete items. Items in transit are valued at cost incurred up to the reporting date.

#### 4.5 Stock-in-trade

These are valued at lower of cost and net realizable value. Cost is determined by applying the following basis:

| Racie | of val | luation  |
|-------|--------|----------|
| Dasis | UI Va  | lualiuli |

Raw material Moving average cost

Work-in-progress Moving average cost of material and share of applicable overheads

Finished goods Moving average cost of material and share of applicable overheads

Packing material Moving average cost

Waste Net realizable value

Stock in transit Accumulated cost till reporting date

Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and estimated cost necessary to make the sale.

#### 4.6 Financial instruments

Financial assets and financial liabilities are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss and other comprehensive income.

#### 4.6.1 Financial assets

#### Classification

The Company classifies its financial assets into following three categories:

IFRS 9 contains three principal classification categories for financial assets at:

- I) Amortised cost (AC),
- ii) Fair value through other comprehensive income (FVTOCI) and
- iii) Fair value through profit or loss (FVTPL).

#### i) Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortization using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

#### ii) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI only if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, for an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in fair value in Other Comprehensive Income (OCI). This election is made on an investment-by-investment basis.

FVTOCI financial assets are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in Other Comprehensive Income (OCI).

#### iii) Financial assets at fair value through profit or loss (FVTPL)

All other financial assets are classified as FVTPL (for example: equity held for trading and debt securities not classified either as amortised cost or FVTOCI).

In addition, on initial recognition, the Company may designate a financial asset that otherwise meets the

requirements to be measured at amortised cost or at FVTOCI as at FVTPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

### **Derecognition of financial assets**

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in statement of profit or loss and other comprehensive income.

### 4.6.2 Subsequent measurement of financial assets

#### Financial assets at amortised cost

Financial assets at amortised cost are subsequently measured at amortised cost. amortised cost is calculated using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

#### Financial assets at FVTOCI

All financial assets at FVTOCI are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in Other Comprehensive Income (OCI).

For debt instruments classified as financial assets at FVTOCI, the amounts in other comprehensive income are reclassified to income statement on derecognition of financial assets. This treatment is in contrast to equity instruments classified as financial assets at FVTOCI, where there is no reclassification on derecognition.

#### Financial assets at FVTPL

All financial assets designated at fair value through profit or loss are subsequently carried at fair value, with gains and losses arising from changes in fair value recorded in the statement of profit or loss and other comprehensive income.

## 4.6.3 Fair value measurement principles and provision

The fair value of financial instruments is determined as follows:

### Basis of valuation of equity securities

The fair value of shares of listed companies is based on their prices quoted on the Pakistan Stock Exchange

#### 4.6.4 Financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

#### **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the statement of profit or loss and other comprehensive income.

#### 4.6.5 Impairment

#### **Financial assets**

The Company recognizes a loss allowance for expected credit loss "(ECL)" on trade receivables. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

The Company always recognizes lifetime ECL for trade receivables. The ECL on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the receivables, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial assets, the Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-months ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-months ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

#### Non-financial assets

The carrying amounts of non-financial assets are reviewed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised, as an expense in the statement of profit or loss, for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Value in use is determined through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are

grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

An impairment loss is reversed if there has been change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognised.

#### 4.6.6 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to off set the recognised amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

On initial recognition, for an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in fair value in Other Comprehensive Income (OCI). This election is made on an investment-by-investment basis.

FVTOCI financial assets are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in Other Comprehensive Income (OCI).

### 4.7 Cash and cash equivalents

For the purpose of statement of cash flows, cash and cash equivalents consist of cash in hand, balances with banks, short-term running finances and term deposit receipts of less than 3 months.

#### 4.8 Taxation

#### Current

Provision for current taxation is based on taxable income at the current tax rates after taking into account tax credits and rebates available, if any or on turnover at the specified rates or Alternate Corporate Tax as defined in section 113C of the Income Tax Ordinance, 2001, whichever is higher. The charge for current tax also includes adjustments, where necessary, relating to prior years which arise due to assessment framed / finalized during the year.

#### **Deferred**

Deferred tax is provided using the liability method for all temporary differences at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes after considering, the average effective rate of tax.

Deferred income tax asset is recognised for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profits and taxable temporary differences will be available against such temporary differences and tax losses can be utilized.

Deferred income tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

#### Levies

The tax charged under Income Tax Ordinance, 2001 which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income is classified as levies in the statement

of profit or loss and other comprehensive income as these levies fall under the scope of IFRIC 21 'Levies' or IAS 37 'Provisions, Contingent Liabilities and Contingent Assets'.

#### 4.9 Staff retirement benefits

## Defined benefit plan

The Company operates an unfunded gratuity scheme for its confirmed employees who have completed the minimum qualifying period of service as defined under the scheme. The Company's obligation under the scheme is determined through actuarial valuation carried out at each year end under the Projected Unit Credit Method. The most recent valuation of the scheme was carried out as at June 30, 2024.

Remeasurements which comprise actuarial gains and losses on defined benefit obligations are recognised immediately in other comprehensive income.

### 4.10 Deferred government grant

The benefit of interest rate lower than market rate on borrowings obtained under Temporary Economic Refinance Facility (TERF) for setting up imported and locally manufactured plants and machinery for new projects, is accounted for as a government grant which is the difference between loan received and the fair value of the loan. The differential amount is recognised and presented in statement of financial position as deferred government grant.

In subsequent periods, the grant shall be amortised over the period of loan and amortization shall be recognised and presented as reduction of related interest expense.

### 4.11 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred and are subsequently stated at amortised cost. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of the liability for at least twelve months after the reporting date. Exchange gains and losses arising in respect of borrowings in foreign currency are added in the carrying amount of the borrowing.

### 4.11.1 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time till the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognised in statement of profit or loss in the period in which they are incurred.

#### 4.12 Provisions

Provisions are recognised when the Company has a present, legal or constructive obligation, as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

## 4.13 Foreign currency transactions and translations

Foreign currency transactions are translated into Pak Rupees at the rates prevailing at the date of transaction except for those covered by forward contracts, which are translated at contracted rates. At each reporting date, monetary assets and liabilities that are denominated in foreign currencies are translated at the rates prevailing on the reporting date. Exchange differences are included in the statement of profit or loss and other comprehensive income.

All non-monetary items are translated into rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined.

#### 4.14 Revenue recognition

Revenue from contracts with customers is recognised at the point in time when the performance obligation is satisfied i.e. when control of the goods is transferred to the customer at an amount that reflects the consideration to which the Company excepts to be entitled to in exchange of those goods.

For each sale transaction, purchase order forms a contract between the Company and a customer and the goods to be delivered under that contract are the Company's identified performance obligation, the contract contains determined and allocated transaction price. The Company satisfies a performance obligation on delivery of goods to the customer and recognizes the revenue.

Dividend income is recognised on the date on which the Company's right to receive the dividend is established.

Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the applicable effective interest rate.

Gains / losses arising on sale of investments are included in the period in which they arise.

### 4.15 Dividend and other appropriations

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the period in which the dividends are approved by the shareholders of the Company.

### 4.16 Earnings per share (EPS)

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

## 4.17 Segment Reporting

Segment information is presented on the same basis as that used for internal reporting purposes by the Chief Operating Decision Maker (CODM). The Company considers Chief Executive as its CODM who is responsible for allocating resources and assessing performance of the operating segments.

On the basis of its internal reporting structure, the Company considers itself to be a single reportable segment; however, certain information about the Company's products, as required by the accounting and reporting standards, is presented in note 46 to these financial statements.

#### 5. CHANGE IN ACCOUNTING POLICY

The Institute of Chartered Accountants of Pakistan (ICAP) issued 'IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes' (the guide) in May 2024 and withdrawn the Technical Release 27 'IAS 12 - Income Taxes (Revised 2012)'. The guide requires to classify certain amounts of tax paid under minimum and final tax regime separately as a levies instead of classifying under current tax.

The guide has provided two approaches namely Approach A and Approach B to select any of them considering the business model of the Company. The Company has selected Approach B, according to which, designate the amount calculated on taxable income using the notified tax rate as an income tax within the scope of IAS 12 'Income Taxes' and recognise it as current income tax expense. Any excess over the amount designated as income tax, is then recognised as levies falling under the scope of IFRIC 21 'Levies' or IAS 37 'Provisions, Contingent Liabilities and Contingent Assets'. For calculation of deferred tax, effective rate of tax is required to be used.

This change has been considered as change in accounting policy and has been applied retrospectively in these unconsolidated financial statements in accordance with the requirements of IAS 8 'Accounting Policies, Change in Accounting Estimates and Errors'. Following are the effects as a result of this change:

|  | Had there<br>been no<br>change in<br>accounting<br>policy | After incorporating effects of change in accounting policy | Impact of<br>change in<br>accounting<br>policy |
|--|---|--|--|
| Unconsolidated statement of profit or loss | (   | Rupees in '000)  |  |
| Profit before taxation Levies Taxation     | 1,188,976<br>-<br>481,024                                 | 685,790<br>503,186<br>22,162                               | 503,186<br>503,186<br>503,186                  |

There has been no effect on the unconsolidated statement of financial position, the unconsolidated statement of cash flows and earnings per share as a result of above change.

The enacted rate for deferred tax has been used as per the guide, which is not materially different from the tax rate used for the calculation of deferred tax previously. Therefore, comparative figures have not been restated.

| 6. | PROPERTY, PLANT AND EQUIPMENT | Note | 2024<br>(Rupees i | 2023<br>n ' <b>000)</b> |
|----|-------------------------------|------|-------------------|-------------------------|
|    | Operating fixed assets        | 6.1  | 12,661,459        | 10,614,933              |

### 22.1 Provision for gratuity

The Company operates unfunded gratuity scheme for all its confirmed employees who have completed the minimum qualifying period of service. Provision is made to cover obligations under the scheme on the basis of valuation conducted by a qualified actuary. The latest valuation was conducted on June 30, 2024 using Projected Unit Credit Method. Details of assumptions used and the amounts recognised in these unconsolidated financial statements are as follows:

| 22.1.1 Significant actuarial assumptions and methods    | 2024    | 2023    |
|---|---------|---------|
| Discount rate   | 14.75%  | 16.25%  |
| Expected rate of increase in salary level               | 14.75%  | 16.25%  |
| Weighted average duration of defined benefit obligation | 7 years | 7 years |
| Average duration of liability                           | 6 years | 6 years |

The critical gap between the discount rate and salary growth rate is zero for both years.

#### 22.1.2 Assumptions

#### **Discount rate**

The market of high quality corporate bonds is not deep enough in Pakistan. Therefore, discount rate is based on market yields on government bonds as at the valuation date. The discount rate used for the valuation is 14.75% per annum. This rate is consistent with the guidelines of the Pakistan Society of Actuaries on setting discount rates.

#### Rate of growth in salary

The gratuity benefits are calculated using the gross salary. In view of the market expectations and long-term monetary policy of the State Bank of Pakistan regarding inflation, it has been assumed that the average rate of long-term future salary increases will be 14.75% (2023: 16.25%) per annum.

#### Mortality, Withdrawal and Disability Retirement Rates

The mortality rates used for active employees are based on SLIC (2001-05) Mortality Table.

The rates for withdrawal from service and retirement on ill-health grounds are based on industry / country experience.

Withdrawal rates used in this valuation are heavier than those used in the previous valuation.

| Year 6 and above | 350,880               | 301,027 |

The rates for withdrawal from service and retirement on ill-health grounds are based on industry / country experience.

22.1.11 Risks to which the scheme maintained by the Company is exposed are as follows such as:

#### Interest rate risk

The present value of the defined benefit liability is calculated using a discount rate determined by reference to the market yields at the end of the reporting period on high quality corporate bonds, or where there is no deep market in such bonds, by reference to market yields on government bonds. Currencies and terms of bond yields used must be consistent with the currency and estimated term of the post-employment benefit obligations being discounted. A decrease in bond interest rates will increase the liability, and vice versa.

#### Salary risk

The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the liability and vice versa.

#### Withdrawal rate risk

The present value of the defined benefit liability is calculated by reference to the best estimate of the withdrawal rate / attrition rate of plan participants. As such, an increase in the withdrawal rate may increase / decrease the liability and vice versa depending on the age-service distribution of the exiting employees.

### Mortality rate risk

The present value of the defined benefit liability is calculated by reference to the best estimate of the

mortality of plan participants during employment. An improvement in the mortality rates of the participants may increase / decrease the liability and vice versa depending on the age-service distribution of the exiting employees.

#### 22.2 Deferred Government Grant

This represents deferred government grant (representing differential between borrowing obtained at concessional rate and market interest rate of 3 months KIBOR plus spread) in respect of Temporary Economic Refinancing Facility (TERF) as disclosed in Note 20. There are no unfulfilled conditions or other contingencies attached to this grant.

**22.3.1** Gas Infrastructure Development Cess (GIDC) was levied through GIDC Act, 2011 with effect from December 15, 2011 and was chargeable from industrial gas customers at different rates as prescribed by the Federal Government through OGRA notification.

On June 13, 2013, the Honourable Peshawar High Court declared the levy, imposition and recovery of the Cess unconstitutional with the direction to refund the "Cess" so far collected. Honourable Supreme Court of Pakistan examined the case and vide its findings dated August 22, 2014, concluded that GID Cess is a fee and not a tax and on either count the "Cess" could not have been introduced through a money bill under Article 73 of the Constitution and the same was, therefore, not validly levied in accordance with the Constitution. However, on September 25, 2014, the President of Pakistan had promulgated GID Cess Ordinance 2014, which was applicable to the whole of Pakistan and has to be complied by all parties.

On September 29, 2014, the Honourable Sindh High Court gave a stay order to various parties against the promulgation of Presidential order dated September 25, 2014.

On May 22, 2015, the GID Cess Act, 2015 was passed by Parliament applicable on all consumers. Following the imposition of the said Act, many consumers filed a petition in Honourable Sindh High Court and obtained stay order against the Act passed by the Parliament.

On October 26, 2016, the High Court of Sindh held that enactment of GIDC Act, 2015 is ultra-vires to the Constitution of Pakistan. Sui Southern Gas Company Limited has filed an intra-court appeal before the Divisional Bench of High Court of Sindh. On August 13, 2020, GIDC matter is decided by the Supreme Court of Pakistan and the Court has ordered gas consumers to pay outstanding amount of GIDC upto July 31, 2020 in twenty four equal monthly instalments, starting from August 2020.

On November 2020, on review petitions filed by companies including those which had obtained the judgment from the Hon'ble Sindh High Court, the Supreme Court through its judgment dated November 03, 2020 dismissed the review petitions and allowed the recovery of the amount in forty eight equal instalments with one year grace period as oppose to twenty four equal instalments and six months grace period mentioned in the original decision dated August 30, 2020.

On September 29, 2020, we have challenged the imposition of GIDC upon us by SSGC and its quantum on various grounds including that the company had a judgment from the Hon'ble Sindh High Court which was not appealed in time, that the company had not passed on the burden of the Cess and in any event the 2015 Act could not apply with retrospective effect. Sindh High Court has passed restraining order dated September 29, 2020, due to this payment related to Karachi and Hyderabad unit has not yet paid.

- 24.1 This includes Rs. 0.023 million (2023: Rs.129.714 million) due to related parties (refer note 41 for details).
- 24.2 This represents Government of Sindh, provision for Sindh Development and Infrastructure Fee and Duty which was levied by the Excise and Taxation Department, on goods entering or leaving the province of Sindh, through air or sea at prescribed rate, under the Sindh Finance Ordinance, 2001. The imposition of the levy was initially challenged by the Company along with other affectees, in the High Court of Sindh, and the Court was pleased to grant an interim injunction, vide Order dated May 31, 2011, to the effect that for every consignment cleared after December 28, 2006, 50% of the value of infrastructure fee should be paid in cash and a bank guarantee for the remaining amount should be deposited with the Court until the final order is passed. However, as a matter of prudence, in 2021 the Company has paid 50% of the value of infrastructure fee to the concerned department and recorded liability for the remaining amount which is supported by a bank guarantee. Starting from September 2021, the Company is providing 100% bank guarantee in accordance with the order of Supreme Court of Pakistan dated September 01, 2021.

|     |  | 26.4 | 8,054,575 | 9,823,276 |

- **26.1** These carry mark-up ranging from 1 month to 3 months KIBOR + 0.1% to 1% (2023: 1 week to 3 months KIBOR + 0.1% to 1%). These are secured against charge over current assets of the Company.
- **26.2** These carry mark-up ranging from 5.25% to 9.2% (2023: 3% to 6.75%) on foreign currency borrowing amount. These arrangements are secured against charge over current assets of the Company.
- **26.3** These carry mark-up ranging from 1 week to 3 months KIBOR + 0.05% to 0.75% (2023: KIBOR + 0.05% to 0.75%) on Money Market borrowing amount. These arrangements are secured against charge over current assets of the Company.
- **26.4** The Company has aggregated short-term borrowing facilities amounting to Rs. 20,175 million (2023: Rs. 17,000 million) from various commercial banks.

#### 27. CONTINGENCIES AND COMMITMENTS

### 27.1 Contingencies

- 27.1.1 The Company has recognised GIDC payable amounting to Rs. 929.736 million in these unconsolidated financial statements on the basis of GIDC rate applicable to industrial consumers. However, SSGC and SNGPL has charged GIDC on the basis of GIDC tariff applicable to captive consumers resulting in differential of Rs.973.891 million. The Company has not recorded the provision representing differential arising due to use of captive connection rate instead of industrial connection rate in these financial statements, as the matter of application of captive or industrial tariff has been challenged in September 2020 before Honourable Lahore High Court, which is pending adjudication. The management of the Company expect favourable outcome in this regard.
- 27.1.2 The Company is defendant in certain sales tax related matters with aggregate demand of Rs. 1.357 million (2023. Rs. 1.357 million). Based on views of its tax advisor, management is confident of favourable outcome in these matters and accordingly no provision has been recorded in these financial statements in this respect.
- 27.1.3 Prior to certain amendments made through the Finance Acts of 2006 & 2008, Workers Welfare Fund (WWF) was levied at 2% of the total income assessable under the Income Tax Ordinance, 2001 excluding incomes falling under the Final Tax Regime (FTR). Through Finance Act, 2008, an amendment was made in Section 4(5) of the WWF Ordinance, 1971 (the Ordinance) whereby WWF liability is applicable at 2% of the higher of the profit before taxation as per the accounts or declared income as per the return.

Aggrieved by the amendments made through the Finance Acts, certain stakeholders filed petition against the changes in the Lahore High Court which struck down the aforementioned amendments to the Ordinance in 2011. However, the Company together with other stakeholders filed the petition in the Sindh High Court which, in 2013, decided the petition against the Company and other stakeholders. Management has filed a petition before the Supreme Court of Pakistan against the decision of the Sindh High Court.

Supreme Court of Pakistan has passed an order dated November 10, 2016 that the Workers' Welfare Fund (WWF) is a fee, not a tax. Hence, the amendments made through Finance Acts, 2006 and 2008 have been declared invalid in the said order. The management has filed an application for rectification order amounting to Rs. 125.28 million for the years from 2010 to 2014 contending the fact that they had erroneously paid WWF despite of having exemption available to them.

### 43. FINANCIAL RISK MANAGEMENT

The Board of Directors has overall responsibility for the establishment and oversight of the Company's financial risk management. The responsibility includes developing and monitoring the Company's risk management policies. To assist the Board in discharging its oversight responsibility, management has been made responsible for identifying, monitoring and managing the Company's financial risk exposures.

The Company's principal financial liabilities comprise long-term financing, short-term borrowings, trade and other payables, interest/dividend payable and financial guarantee contracts. The main purpose of these financial liabilities is to raise finance for the Company's operations. The Company has loans, investments, trade and other receivables, cash and bank balances and deposits that arise directly from its operations. The Company also holds long-term and short term investments.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk).

The Company's exposure to the risks associated with the financial instruments and the risk management policies and procedures are summarized as follows:

#### 43.1 Credit risk and concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company does not have any significant exposure to customers from any single country or single customer.

Credit risk of the Company arises principally from trade debts, loans and advances, other receivables and bank balances. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows:

|                          | 2024             | 2023       |  |
|--------------------------|------------------|------------|--|
|                          | (Rupees in '000) |            |  |
| Large Assess days at the | 6 000            | 0.007      |  |
| Long-term deposits       | 6,890            | 6,287      |  |
| Trade debts              | 10,528,715       | 10,239,282 |  |
| Loan                     | 15,015           | 8,826      |  |
| Other receivables        | 279,040          | 133,599    |  |
| Trade deposits           | 15,022           | 9,864      |  |
| Bank balances            | 166,511          | 279,970    |  |
|                          | 11,011,193       | 10,677,828 |  |

The credit quality of receivable can be assessed with reference to their historical performance with negligible defaults in recent history.

The trade debts are due from foreign and local customers for export and local sales. Trade debts from foreign customers are secured against letters of credit. Management assesses the credit quality of local and foreign customers, taking into account their financial position, past experience and other factors.

### Credit risk related to equity investments and cash deposits

The Company limits its exposure to credit risk of investments by only investing in listed securities of highly reputed companies / mutual funds having good rating. Credit risk from balances with banks and financial institutions is managed by Finance Director in accordance with the Company's policy.

The credit risk on liquid funds (bank balances) is limited because the counter parties are banks with a reasonably high credit rating. The names and credit rating of major banks where the Company maintains its bank balances are as follows:

| Name of book                               | Rating | Credit    | Credit rating |  |  |
|--|--------|-----------|---------------|--|--|
| Name of bank                               | agency | Long-term | Short-term    |  |  |
| Habib Bank Limited                         | VIS    | AAA       | A1+           |  |  |
| J.S Bank Limited                           | PACRA  | AA        | A1+           |  |  |
| Soneri Bank Limited                        | PACRA  | AA-       | A1+           |  |  |
| MCB Bank Limited                           | PACRA  | AAA       | A1+           |  |  |
| Allied Bank Limited                        | PACRA  | AAA       | A1+           |  |  |
| Dubai Islamic Bank (Pakistan) Limited      | VIS    | AA        | A1+           |  |  |
| United Bank Limited                        | VIS    | AAA       | A1+           |  |  |
| Habib Metropolitan Bank Limited            | PACRA  | AA+       | A1+           |  |  |
| Meezan Bank Limited                        | VIS    | AAA       | A1+           |  |  |
| Bank Alfalah Limited                       | PACRA  | AAA       | A1+           |  |  |
| Bank Islami Pakistan                       | PACRA  | AA-       | A1            |  |  |
| Askari Bank Limited                        | PACRA  | AA+       | A1+           |  |  |
| Bank Al-Habib Limited                      | PACRA  | AAA       | A1+           |  |  |
| National Bank of Pakistan                  | PACRA  | AAA       | A1+           |  |  |
| Standard Chartered Bank (Pakistan) Limited | PACRA  | AAA       | A1+           |  |  |
| The Bank of Punjab                         | PACRA  | AA+       | A1+           |  |  |
| Faysal Bank Limited                        | VIS    | AA        | A1+           |  |  |

### 43.3 Market risk management

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.

### 43.3.1 Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate risk arises from long and short-term borrowings from financial institutions. At the reporting date the interest rate risk profile of the Company's interest-bearing financial instruments is:

| more searing interioral mentaments is: | Carrying amount |           |  |
|--|-----------------|-----------|--|
|  | 2024            | 2023      |  |
|  | (Rupees i       | in '000)  |  |
| Fixed rate instruments                 |                 |           |  |
| Financial liabilities                  | 8,766,084       | 8,529,429 |  |
| Variable rate instruments              |                 |           |  |
| Financial liabilities                  |                 |           |  |
| - KIBOR based                          | 5,699,962       | 8,012,074 |  |
| Financial assets                       |                 |           |  |
| - KIBOR based                          | 35,093          | 64,202    |  |

81

### Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, therefore, a change in interest rate at the reporting date would not affect statement of profit or loss.

### Cash flow sensitivity analysis for variable rate instruments

If interest rates had been 50 basis points higher / lower and all other variables were held constant, profit before tax would decrease / increase by Rs. 28.324 million (2023: Rs. 39.739 million) determined on the outstanding balance at year end. This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

### 43.3.2 Foreign exchange risk management

| Exposure to currency risk                          | 2024        |           | 2023             |                  |
|--|-------------|-----------|------------------|------------------|
|  | Rupees      | US Dollar | Rupees           | US Dollar        |
|  |             |           | ('000)           |                  |
| Trade debts  | 1,892,074   | 6,798     | 3,926,035        | 13,728           |
| Bank balances                                      | 57,510      | 207       | 146,173          | 511              |
| Foreign currency financing against export / import | (4,645,047) | (16,688)  | (4,047,940)      | (14,154)         |
|  | (2,695,463) | (9,683)   | 24,268           | 85               |
|  |             |           | 2024             | 2023             |
| Reporting date rate Average rate                   |             |           | 278.34<br>283.24 | 285.99<br>286.18 |

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly where receivables and payables exist due to transactions entered into foreign currencies. The Company is exposed to foreign currency risk on sales, purchases and borrowings, which are entered in a currency other than Pak Rupees.

At June 30, 2024, if the Rupee had weakened / strengthened by 5% against the US Dollar with all other variables held constant, profit before tax for the year would have been higher / lower by Rs. 134.773 million (2023: higher / lower by Rs. 1.213 million) determined on the outstanding balance at year end.

### 43.3.3 Equity price risk management

The Company's listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

At the reporting date, the exposure to listed equity securities at fair value was Rs. 31.096 million (2023: Rs. 38.933 million). A decrease / increase of 5% in market prices would have an impact of approximately Rs.1.555 million (2023: Rs. 1.946 million) on profit for the year determined based on market value of investments at year end.

#### 43.4 Fair value estimation

Fair value is the price that would be received to sell an asset or paid or transfer a liability in an orderly transaction between market participants and measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Company is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13, 'Fair Value Measurements' requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

Details of fair value hierarchy and information relating to fair value of Company's investment categorised as fair value through profit or loss is as follows:

|                                       |      | June 30, 2024 |         |             |        |  |
|---------------------------------------|------|---------------|---------|-------------|--------|--|
|                                       |      | Level 1       | Level 2 | Level 3     | Total  |  |
|                                       | Note |               | (Rupe   | es in '000) |        |  |
| Financial assets measured at fair val | lue  |               |         |             |        |  |
| Other financial assets                | 15   | 31,096        |         |             | 31,096 |  |
|                                       |      |               | June 3  | 30, 2023    |        |  |
|                                       |      | Level 1       | Level 2 | Level 3     | Total  |  |
|                                       |      |               | (Rupe   | es in '000) |        |  |
| Financial assets measured at fair val | lue  |               |         |             |        |  |
| Other financial assets                | 15   | 38,933        | -       | -           | 38,933 |  |

There were no transfers amongst the levels during the current and preceding year. The Company's policy is to recognize transfer into and transfers out of fair value hierarchy levels as at the end of the reporting periods.

### 44. CAPITAL RISK MANAGEMENT

The objective of the Company when managing capital, i.e., its shareholders' equity, is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and to maintain a strong capital base to support the sustained development of its businesses.

The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders or issue new shares.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including 'current and non-current borrowings' as shown in the statement of financial position) less cash and cash equivalents. Total capital is calculated as 'equity' as shown in the statement of financial position plus net debt.

The gearing ratios at June 30, 2024 and 2023 were as follows:

|   | 2024                    | 2023                    |  |
|---|-------------------------|-------------------------|--|
|   | (Rupees in '000)        |                         |  |
| Total borrowings (note 20 & 26)<br>Less: cash and bank balances (note 17) | 14,466,046<br>(184,874) | 16,541,503<br>(287,564) |  |
| Net debt  | 14,281,172              | 16,253,939              |  |
| Total equity  | 23,849,176              | 23,832,204              |  |
|   | 38,130,348              | 40,086,143              |  |
| Gearing ratio   | 37%                     | 41%                     |  |

The gearing ratio of the Company is decreased by 4% as the expansion in Karachi unit is completed.

#### 45. CAPACITY AND PRODUCTION

| Spinning units   | 2024        | 2023        |
|--|-------------|-------------|
| Total number of spindles installed   | 208,684     | 193,493     |
| Total number of spindles worked per annum (average)                          | 197,878     | 166,333     |
| Number of shifts worked per day  | 3           | 3           |
| Installed capacity of yarn converted into 20 counts based on 365 days (lbs.) | 150,066,463 | 132,421,772 |
| Actual production for the year after conversion into 20 counts (lbs.)        | 138,129,594 | 105,552,620 |

It is difficult to describe precisely the production capacity in spinning unit since it fluctuates widely depending on various factors such as count of yarn spun, spindles speed and twist etc. It also varies according to the pattern of production adopted in a particular year.

#### 46. SEGMENT REPORTING

The Company's core business is manufacturing and sale of yarn and it generates more than 90% of its revenue and profit from the production and sale of yarn. Decision making process is centralized at head office led by Chief Executive Officer who continuously is involved in day to day operations and regularly reviews operating results and assesses its performance and makes necessary decisions about resources to be allocated to the segments. Currently the Company has three yarn manufacturing units at Hyderabad, Karachi and Muzaffargarh. Owing to the similarity in nature of the products and services, nature of the production processes, type or class of customers for the products and services, the methods used to distribute the products and the nature of the regulatory environment, all the yarn producing units are aggregated into a single operating segment and the Company's performance is evaluated by the management on an overall basis, therefore these operational segments by location are not separately reportable segments.

| 47. | NUMBER OF EMPLOYEES                         | Number of | Number of employees |  |  |
|-----|---|-----------|---------------------|--|--|
|     |   | 2024      | 2023                |  |  |
|     | Average number of employees during the year | 2,695     | 2,538               |  |  |
|     | Number of employees as at June 30           | 2,858     | 2,532               |  |  |

**47.1** Daily wage employees are not included in the above number of employees.

### 48. RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

|                             | Long term financing | financing     |          |
|-----------------------------|---------------------|---------------|----------|
|                             |                     | (Rupees '000) |          |
| Balance as at July 1, 2023  | 6,718,227           | 19,009        | 37,843   |
| Non cash item               | 75,857              | -             | 7,302    |
| Financing cash inflows      | 395,536             | -             | -        |
| Financing cash outflows     | (778,149)           | (16,626)      | (20,520) |
| Balance as at June 30, 2024 | 6,411,471           | 2,383         | 24,625   |

### 49. EVENTS AFTER REPORTING PERIOD

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INDUS DYEING AND MANUFACTURING COMPANY LIMITED REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

### Opinion

We have audited the annexed consolidated financial statements of Indus Dyeing & Manufacturing Company Limited (the holding Company) and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at June 30, 2024, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a material accounting policy information and other explanatory information (collectively referred as "consolidated financial statements").

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2024 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter**

We draw attention to note 2.1.1 to the accompanying consolidated financial statements which states about the order of Lahore High Court dated November 21, 2022. Our opinion is not modified in respect of the above matter.

### **Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Following are the key audit matters:

#### Key audit matter How our audit addressed the key audit matter 1. Revenue recognition The Group is mainly engaged in manufacturing and sale Our audit procedures, amongst others, included the of yarn. Revenue recognition policy has been explained following: in notes 4.14 to the consolidated financial statements and the related amounts of revenue recognized during Considered the appropriateness of revenue the year are disclosed in note 29 to the consolidated recognition policy and compared it with the financial statements. applicable accounting and reporting standards; The Company generates revenue by exporting and selling locally. The Group generates revenue from sale of goods to Obtained an understanding of revenue from domestic and export customers. Revenue from the customers and assessed the design, local and export sales (including indirect exports) is implementation and operating effectiveness of recognized when performance obligation is satisfied as controls around recognition of revenue; per the requirements of International Financial Reporting Standards (IFRS) 15 - "Revenue from Checked on a sample basis relevant underlying Contracts with Customers". supporting documents for ensuring that the Group company has compiled with the revenue We considered revenue recognition as key audit matter recognition criteria as per IFRS 15; as it is one of the key performance indicators of the Group and because of the potential risk that revenue Tested timeliness of revenue recognition by transactions may not have been recognized on point in comparing individual sales transactions before time basis i.e. when control of goods is transferred to and after the year end to underlying documents the customer, in line with the accounting policy adopted and by checking significant credit notes issued and may not have been recognized in the appropriate after year-end, if any; period. Evaluated the adequacy and appropriateness of disclosures made in consolidated financial statements. 2. Valuation of stock in trade Key audit matter How our audit addressed the key audit matter Stock-in-trade has been valued following an accounting Our audit procedures included the following: policy as stated in note 4.5 and the related value of stock-in-trade is disclosed in note 11 to the consolidated Obtained an understanding of mechanism of financial statements. Stock-in-trade forms material part recording purchases and valuation of stock-inof the Group's assets comprising of around 23.01% of trade; total assets. Tested on a sample basis purchases with The stock in trade is carried at lower of cost or net underlying supporting documents; realizable value. The cost of finished goods and work in process is determined using the average manufacturing Verified on test basis, the moving average costs including production overheads, which includes calculations of raw material as per accounting judgment in relation to the allocation of overheads, policy; which are incurred in bringing the finished goods to its present location and condition. Judgments are also Verified the calculations of the actual overhead involved in determining the net realizable value (NRV) costs and checked allocation of labor and (estimated selling price in the ordinary course of overhead costs to the finished goods and work in business less estimated cost of completion and process; estimated costs necessary to make the sale) of stock-

stock-in-trade, on selected sample and compared the NRV with the cost to ensure that valuation of stock-in-trade is in line with the accounting policy.

Obtained an understanding of management's process for determining the NRV and checked

future selling prices by performing a review of sales

close to and subsequent to the year-end; and determination of cost necessary to make the sales;

Checked the calculations of NRV of itemized list of

in-trade items in line with accounting policy.

valuation of stock in trade as key audit matter.

Due to the above factors, we have considered the

### Information other than the consolidated financial statements and auditors' report thereon

Management is responsible for the other information. The other information comprises the information included in annual report, but does not include the consolidated financial statements and our auditors' reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the annual report, if we conclude that there is a material misstatement of therein, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of management and board of directors for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

### Auditors' responsibilities for the audit of the unconsolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit

procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is **Shafqat Ali.**

### Indus Wind Energy Limited - 100% owned

Indus Wind Energy Limited (IWEL) was established during the year ended June 30, 2015. Its principal business activity is to generate and sale electricity to the national grid. Registered office of the IWEL is situated at Office No. 508, 5th floor, Beaumont Plaza, Civil Lines, Karachi.

### 1.1.3 Sunrays Textile Mills Limited - Associate

Sunrays Textile Mills Limited (STML) was incorporated in Pakistan on August 27, 1987 as a public limited Company under the Companies Ordinance, 1984 (now Companies Act, 2017). Its shares are quoted on Pakistan Stock Exchange Limited. STML is principally engaged in trade, manufacture and sale of yarn. STML is also operating a ginning unit and an ice factory on leasing arrangements. The registered office of the STML is situated at Karachi. The mill is located at District Muzaffargarh, Dera Ghazi Khan Division, in the province of Punjab. The Holding Company has 0.99% shareholding and voting rights in the Group and it is regarded as an associate due to common directorship.

#### 1.2 Basis of Consolidation

- The consolidated financial statements include the financial statements of the Holding Company, its subsidiaries and share of profit / loss from an associate collectively referred to as "the Group" in these consolidated financial statements.
- Subsidiary companies are fully consolidated from the date on which more than 50% of voting rights are transferred to the Holding Company or power to control them is established and excluded from consolidation from the date of disposal or when the control is lost.
- The financial statements of the subsidiaries are prepared for the same reporting year as of the Holding Company for the purpose of consolidation, using consistent accounting policies.
- The assets, liabilities, income and expenses of subsidiary companies are consolidated on a line by line basis.
- Material inter-group balances and transactions have been eliminated.
- Non-controlling interest in equity of the subsidiary companies are measured at fair value as of the acquisition date of the subsidiaries.

#### 2. STATEMENT OF COMPLIANCE

- 2.1 These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:
  - International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
  - Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS standards, the provisions of and directives issued under the Companies Act, 2017 has been followed.

### 2.1.1 In IWEL Exemption from applicability of IAS 21 'The Effects of Changes in Foreign Exchange Rates' and IFRS 9 'Financial Instruments' in relation to the recognition of embedded derivatives

The Securities and Exchange Commission of Pakistan (SECP) through S.R.O 986(I) / 2019 dated September 02, 2019 granted exemption from the application of IFRS 16 "Leases', IFRS 9 "Financial instruments" (in relation to recognition of embedded derivatives) and IAS 21 "The Effects of Changes in Foreign Exchange Rates" to all companies, which have entered into Power Purchase Agreements (PPAs) before January 1, 2019. IWEL along with certain Independent Power Producer (IPP) companies having their PPAs dated after January 01, 2019 filed a petition in the Lahore High Court (LHC) to also allow the companies who entered into PPAs after January 01, 2019 on the basis that they had already achieved certain other significant milestones including determination of tariff by NEPRA, to be treated along with the

power companies who entered into PPAs before January 01, 2019. The LHC through its order dated November 21, 2022 has suspended the impugned condition in S.R.O 986(I) / 2019 dated September 02, 2019 till further order. Accordingly, the IWEL has also availed the exemptions as per the S.R.O 986(I) / 2019 dated September 02, 2019 for the preparation of these consolidated financial statements.

### 2.1.2 In IWEL Exemption from application of IFRS - 9 'Financial Instruments' in relation to financial assets due from the Government of Pakistan

SECP through SRO 985(I) / 2019 dated September 2, 2019 as amended by SRO 1177(I) / 2021 dated September 13, 2021 and further amended by SRO 67(I) / 2023 dated January 20, 2023 has notified that the requirements contained in IFRS 9 'Financial Instruments' with respect to the application of Expected Credit Loss method for determination of impairment of financial assets will not be applicable to the entities holding financial assets due from the Government of Pakistan until December 31, 2024, provided that such entities shall follow relevant requirements of IAS 39 'Financial Instruments: Recognition and Measurement', in respect of above referred financial assets. Accordingly, financial assets due from the Government of Pakistan, i.e., trade debts and certain other receivables are assessed at each reporting date to determine whether there is any objective evidence that these are impaired. These are considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

### 2.2 Functional and presentation currency

Items included in the consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates. These consolidated financial statements are presented in Pakistan Rupees which is the Group's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded off to the nearest thousand unless otherwise indicated.

### 2.3 Basis of preparation

These consolidated financial statements have been prepared under the historical cost convention as modified by:

- recognition of certain employee retirement benefits at net present value;
- recognition of certain lease liabilities and right of use of assets at present value;
- recognition of certain financial instruments at fair value; and
- investment in associate accounted for under equity method.

### 2.4 Amendments to accounting standards that are effective for the year ended June 30, 2024

The following amendments are effective for the year ended June 30, 2024. These amendments are either not relevant to the Group's operations or are not expected to have significant impact on the Group's financial statements other than certain additional disclosures.

- Amendments to IAS 1 'Presentation of Financial Statements' and IFRS practice statement 2
  - 'Disclosure of accounting policies'
- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'
  - Definition of accounting estimates
- Amendments to IAS 12 'Income Taxes' deferred tax related to assets and liabilities arising from a single transaction
- Amendments to IAS 12 ' Income taxes' International Tax Reform Pillar Two Model Rules

Due to the adoption of Amendments to IAS 1 'Presentation of Financial Statements' - Disclosure of accounting policies effective from January 01, 2023. The word 'significant' has been replaced with 'material' as reflected in related note of accounting policies (note 4). Although the amendments did not result in any changes to the accounting policies themselves.

### 2.5 New standard and amendments to accounting standards that are not yet effective

The following amendments are only effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Group's operations or are not expected to have significant impact on the Group's financial statements other than certain additional disclosures.

### Effective from accounting periods beginning on or after

- Amendments to IFRS 16 ' Leases' Clarification on how seller
  - lessee subsequently measures sale and leaseback transactions January 01, 2024
- Amendments to IAS 1 'Presentation of Financial Statements'
  - Classification of liabilities as current or non-current along with Non-current liabilities with Convenants

January 01, 2024

- Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7
   'Financial instruments disclosures' Supplier Finance Arrangements January 01, 2024
- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability

January 01, 2025

- IFRS 17 – 'Insurance Contracts' (including ammendments made in June 2020 and December 2021)

January 01, 2026

 Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Classification and measurement of financial instruments

January 01, 2026

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements
- IFRS 19 Subsidiaries without Public Accountability: Disclosures

### 3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of consolidated financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires management to make estimates, assumptions and use of judgment that affect the application of policies and the reported amount of assets, liabilities, income and expenses.

Estimates and judgments, if any, are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the consolidated financial statements or where judgment was exercised in application of accounting policies are as follows:

- Depreciation rates of property, plant and equipment (note 4.1 & 6.1)
- Incremental borrowing rate used in discounting of future cashflows of right of use asset (note 4.11 and 6.5)
- Useful lives of intangibles (note 4.2 and 7)
- Classification of investments (note 4.3, 4.6, 8 and 16)
- Provision for slow moving stores and spares (note 4.4 and 10)
- Net realizable value of stock-in-trade (note 4.5 and 11)
- Provision for impairment of trade debts and other receivables (note 4.6.5, 12 and 15)
- Provision for levies, current and deferred taxation (note 4.8, 22, 36 and 37)
- Provision for staff retirement benefits (note 4.9 and 23.1)
- Discounting of Gas Infrastructure Development Cess (GIDC) (note 23.3)

### 4. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these consolidated financial statements are set out below. These have been consistently applied to all the years presented, except for taxation policy as disclosed in note 4.8.

### 4.1 Property, plant and equipment

### 4.1.1 Operating fixed assets

Property, plant and equipment except freehold land, leasehold land and capital work in progress are stated at cost less accumulated depreciation and impairment loss.

Assets' residual values and their useful lives are reviewed and adjusted at each financial year end, if significant.

Depreciation is charged to income applying the reducing balance method at the rates specified in the note 6.1. Depreciation on all additions is charged from the month on which the asset is available for use and no depreciation is charged in the month of disposal.

In case of IWEL, Exchange differences related to certain foreign currency denominated balances are added to / deducted from the cost of plant and machinery as per S.R.O. 986(I)/2019 dated September 02, 2019 as explained in note 2.1.1, which allows capitalization of exchange differences as opposed to charging the same to statement of profit or loss, as required under IAS 21 'The Effects of Changes in Foreign Exchange Rates (refer note 4.13).

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the consolidated statement of profit or loss during the financial year in which they are incurred.

Assets are derecognised when disposed or when no future economic benefits are expected from its use or disposal. Gains and losses on disposal of assets, if any, are recognised in the consolidated statement of profit or loss as and when incurred.

Decrease in the carrying amounts arising as a result of revaluation, that reverses previous increase of the same asset is first recognised in consolidated statement of comprehensive income to the extent of the remaining surplus attributable to the asset; all other decrease are charged to consolidated statement of profit or loss.

### 4.1.2 Capital work in progress

These are stated at cost less accumulated impairment losses, if any. All expenditures connected with specific assets incurred and advances made during installation and construction period are carried under this head. These are transferred to specific asset as and when the asset is available for its intended use.

### 4.1.3 Right-of-use assets and lease liabilities

At inception of a contract, the Group assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The right-of-use asset is initially measured at cost, and subsequently at cost less any accumulated depreciation and impairment losses if any, and adjusted for certain re-measurements of the lease liability. The right-of-use asset is depreciated using the straight line method over the shorter of the lease term and the asset's useful life. The estimated useful lives of assets are determined on the same basis as that for operating fixed asset. In addition, the right-of-use asset is periodically reduced by impairment losses, if any.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate.

The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payments made. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, a change in assessment of whether extension option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised.

Each lease payment is allocated between the liability and finance cost. The finance cost is charged to consolidated statement of profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The Group has elected to apply the practical expedient not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

### 4.2 Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment loss if any. Amortization is charged to consolidated statement of profit or loss using the reducing balance method at the rates given in note 7. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any change in estimate being accounted for on prospective basis.

#### 4.3 Investment in associate

Associate is an entity over which the Group has significant influence but not control, generally represented by shareholding of 20% to 50% of the voting rights or common directorship.

Investment in associate is accounted for using equity basis of accounting, under which the investment in associate is initially recognized at cost and the carrying amount is increased or decreased to recognize the group's share of profit or loss of the associate after the date of acquisition. The group's share of profit or loss of the associate is recognized in the consolidated statement of profit or loss. Distributions received from associate reduce the carrying amount of the investment. Adjustments to the carrying amount are also made for changes in the group's proportionate interest in the associate arising from changes in the associates' other comprehensive income that have not been recognized in the associate's profit or loss. The group's share of those changes is recognized in consolidated statement of comprehensive income.

### 4.4 Stores, spares and loose tools

These are valued at lower of moving average cost and net realizable value less impairment, if any, for obsolete items. Items in transit are valued at cost incurred up to the reporting date.

#### 4.5 Stock-in-trade

These are valued at lower of cost and net realizable value. Cost is determined by applying the following basis:

**Basis of valuation** 

Raw material Moving average cost

Work-in-progress Moving average cost of material and share of applicable overheads
Finished goods Moving average cost of material and share of applicable overheads

**Basis of valuation** 

Packing material Moving average cost Waste Net realizable value

Stock in transit Accumulated cost till reporting date

Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and estimated cost necessary to make the sale.

#### 4.6 Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in consolidated statement of profit or loss.

#### 4.6.1 Financial assets

#### Classification

The Group classifies its financial assets into following three categories: IFRS 9 contains three principal classification categories for financial assets at:

- i) Amortised cost (AC),
- ii) Fair value through other comprehensive income (FVTOCI) and
- iii) Fair value through profit or loss (FVTPL).

### i) Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

### ii) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI only if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, for an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in fair value in consolidated statement of other comprehensive income (OCI). This election is made on an investment-by-investment basis.

FVTOCI financial assets are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in consolidated statement of other comprehensive income (OCI).

### iii) Financial assets at fair value through profit or loss (FVTPL)

All other financial assets are classified as FVTPL (for example: equity held for trading and debt securities not classified either as amortised cost or FVTOCI).

In addition, on initial recognition, the Group may designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Group changes its business model for managing financial assets.

### **Derecognition of financial assets**

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in consolidated statement of profit or loss.

### 4.6.2 Subsequent measurement of financial assets

### Financial assets at amortised cost

Financial assets at amortised cost are subsequently measured at amortised cost. Amortised cost is calculated using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

### Financial assets at FVTOCI

All financial assets at FVTOCI are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in consolidated statement of other comprehensive income (OCI).

For debt instruments classified as financial assets at FVTOCI, the amounts in consolidated statement of comprehensive income are reclassified to consolidated statement of profit or loss on derecognition of financial assets. This treatment is in contrast to equity instruments classified as financial assets at FVTOCI, where there is no reclassification on derecognition.

#### Financial assets at FVTPL

All financial assets designated at fair value through profit or loss are subsequently carried at fair value, with gains and losses arising from changes in fair value recorded in the consolidated statement of profit or loss.

### 4.6.3 Fair value measurement principles and provision

The fair value of financial instruments is determined as follows:

### Basis of valuation of equity securities

The fair value of shares of listed companies is based on their prices quoted on the Pakistan Stock Exchange Limited at the reporting date without any deduction for estimated future selling costs.

#### Basis of valuation of investment in mutual funds

The fair value of units of Funds is based on the net assets value per unit announced by Mutual Funds Association of Pakistan (MUFAP), which is determined on the basis of net assets value communicated by the Asset Management Group on daily basis.

#### 4.6.4 Financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability. The Group financial liability as at fair value through profit or loss includes derivative financial liabilities not designated as hedging instruments.

### **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the consolidated statement of profit or loss.

### 4.6.5 Impairment

#### **Financial assets**

The Group recognizes a loss allowance for expected credit loss "ECL" on trade debts. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

The Group always recognizes lifetime ECL for trade debts. The ECL on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the receivables, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial assets, the Group recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-months ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-months ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

### Non-financial assets

The carrying amounts of non-financial assets are reviewed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognized, as an expense in the consolidated statement of profit or loss, for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Value in use is determined through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

An impairment loss is reversed if there has been change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

### 4.6.6 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position when there is a legally enforceable right to off set the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

### 4.7 Cash and cash equivalents

For the purpose of consolidated statement of cash flows, cash and cash equivalents consist of cash in hand, balances with banks, short-term running finances and term deposit receipts of less than 3 months.

### 4.8 Taxation

### Current

Provision for current taxation is based on taxable income at the current tax rates after taking into account tax credits and rebates available, if any or on turnover at the specified rates or Alternate Corporate Tax as defined in section 113C of the Income Tax Ordinance, 2001, whichever is higher. The charge for current tax also includes adjustments, where necessary, relating to prior years which arise due to assessment framed / finalized during the year.

### Deferred

Deferred tax is provided using the liability method for all temporary differences at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes after considering, the effective rate of tax.

Deferred income tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profits and taxable temporary differences will be available against such temporary differences and tax losses can be utilized.

Deferred income tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

#### Levies

The tax charged under Income Tax Ordinance, 2001 which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income is classified as levies in the consolidated statement of profit or loss and consolidated other comprehensive income as these levies fall under the scope of IFRIC 21 'Levies' or IAS 37 'Provisions, Contingent Liabilities and Contingent Assets'.

#### 4.9 Staff retirement benefits

### **Defined benefit plan**

The Group operates an unfunded gratuity scheme covering all its employees who have completed minimum qualifying period. Provisions are determined based on the actuarial valuation conducted by a qualified actuary using Projected Unit Credit Method. Under this method cost of gratuity is charged to consolidated statement of profit or loss so as to spread the cost over the service lives of the employees in accordance with the actuarial valuation. Past-service costs are recognized immediately in consolidated statement of profit or loss and actuarial gains and losses are recognized immediately in other comprehensive income.

### 4.10 Deferred government grant

The benefit of interest rate lower than market rate on borrowings obtained under State Bank of Pakistan (SBP) under Refinance Scheme for Payment of Wages and Salaries to the Workers and Employees of the group and Temporary Economic Refinance Facility (TERF) for setting up imported and locally manufactured plants and machinery for new projects, is accounted for as a government grant which is the difference between loan received and the fair value of the loan. The differential amount is recognised and presented in consolidated statement of financial position as deferred government grant.

In subsequent periods, the grant shall be amortised over the period of loan and amortization shall be recognised and presented as reduction of related interest expense.

### 4.11 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred and are subsequently stated at amortised cost. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer the settlement of the liability for at least twelve months after the reporting date. Exchange gains and losses arising in respect of borrowings in foreign currency are added in the carrying amount of the borrowing.

#### 4.11.1 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time till the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in consolidated statement of profit or loss in the period in which they are incurred.

#### 4.12 Provisions

Provisions are recognized when the group has a present, legal or constructive obligation, as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

### 4.13 Foreign currency transactions and translations

Foreign currency transactions are translated into Pak Rupees at the rates prevailing at the date of transaction except for those covered by forward contracts, which are translated at contracted rates. At each reporting date, monetary assets and liabilities that are denominated in foreign currencies are translated at the rates prevailing on the reporting date. Exchange differences are included in the consolidated statement of profit or loss and other comprehensive income.

All non-monetary items are translated into rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined.

### 4.13.1 Foreign subsidiary

The assets and liabilities of foreign subsidiary are translated to Pakistan Rupees at exchange rates prevailing at the reporting date. The results of foreign subsidiary are translated at the average rate of exchange for the year. Resulting exchange gains and losses are recognised in consolidated statement of comprehensive income.

### 4.14 Revenue recognition

Revenue from contracts with customers is recognised at the point in time when the performance obligation is satisfied i.e. when control of the goods is transferred to the customer at an amount that reflects the consideration to which the Group expect to be entitled to in exchange of those goods. However, in case of IWEL performance obligation is satisfied when the electricity is transmitted to the Central Power Purchasing Agency Guarantee Limited (CPPA-G). Revenue is recognised on the basis of Net Delivered Energy and Non-Project Missed Volume at the rates approved by National Electric Power Regulatory Authority (NEPRA).

Dividend income is recognised on the date on which the Group's right to receive the dividend is established.

Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the applicable effective interest rate.

Gains / losses arising on sale of investments are included in the period in which they arise.

### 4.15 Dividend and other appropriations

Dividend distribution to the Group's shareholders is recognised as a liability in the financial statements in the period in which the dividends are approved by the shareholders of the Group.

### 4.16 Earnings per share (EPS)

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

### 4.17 Segment Reporting

Segment information is presented on the same basis as that used for internal reporting purposes by the Chief Operating Decision Maker (CODM). The Group considers Chief Executive as its CODM who is responsible for allocating resources and assessing performance of the operating segments.

On the basis of its internal reporting structure, the Group considers itself to be a single reportable segment; however, certain information about the Group's products, as required by the accounting and reporting standards, is presented in note 47 to these consolidated financial statements.

#### 5 CHANGE IN ACCOUNTING POLICY

The Institute of Chartered Accountants of Pakistan (ICAP) issued 'IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes' (the guide) in May 2024 and withdrawn the Technical Release 27 'IAS 12 - Income Taxes (Revised 2012)'. The guide requires to classify certain amounts of tax paid under minimum and final tax regime separately as a levies instead of classifying under current tax.

The guide has provided two approaches namely Approah A and Approach B to select any of them considering the business model of the Group. The Group Company has selected Approach B, according to which, designate the amount calculated on taxable income using the notified tax rate as an income tax within the scope of IAS 12 'Income Taxes' and recognise it as current income tax expense. Any excess over the amount designated as income tax, is then recognised as levies falling under the scope of IFRIC 21 'Levies' or IAS 37 'Provisions, Contingent Liabilities and Contingent Assets'. For calculation of deferred tax, effective rate of tax is required to be used.

This change has been considered as change in accounting policy and has been applied retrospectively in these consolidated financial statements in accordance with the requirements of IAS 8 'Accounting Policies, Change in Accounting Estimates and Errors'. Following are the effects as a result of this change:

|  | 2023   |  |  |  |  |
|--|--|--|--|--|--|
|  | Had there been<br>no change in<br>accounting<br>policy | After incorporating effects of change in accounting policy | Impact of<br>change in<br>accounting<br>policy |  |  |
|  | (F   | Rupees in '000)  |  |  |  |
| Consolidated statement of profit or loss |  |  |  |  |  |
| Profit before taxation Levies            | 3,014,644  | 2,196,176<br>818,468                                       | 818,468<br>818,468                             |  |  |
| Taxation                                 | 1,022,527  | 204,059  | 818,468  |  |  |

There has been no effect on the consolidated statement of financial position, the consolidated statement of cash flows and earnings per share as a result of above change.

The enacted rate for deferred tax has been used as per the guide, which is not materially different from the tax rate used for the calculation of deferred tax previously. Therefore, comparative figures have not been restated.

|     |                               | Note | 2024<br>(Rupees in | 2023<br>'000) |

| 21.4.6  | Askari Bank Limited               | 1,829,000    | 1,784,697 | The facility is against 1st Joint pari passu charge over Group's fixed assets (Land and Building of Hyderabad unit and Plant and Machinery of all units) with 25% margin. The repayment of loan (principal amount) will be made in 32 equal quarterly installments with 2 years grace period of Long term Financing Facility and 16 equal quarterly installments with 1 year grace period of Term loan. Mark up rate is 2.5% to 4.75% on Long term Financing Facility and 3 month KIBOR + 1.25% on Term loan and repayable on quarterly basis.   |
| 21.4.7  | Habib Metropolitan Bar<br>Limited | nk 1,375,000 | 496,599   | The facility is secured against existing joint pari passu charge over Group's fixed assets (Land and Building of Hyderabad unit and Plant and Machinery of all Group units) duly registered with the Securities and Exchange Commission of Pakistan inclusive of 25% margin. The repayment of loan (principal amount) will be made in 32 equal quarterly installments. Mark up rate is SBP rate + 1% on Renewable Solar Facility, 3% on Long Term Financing Facility and 2% on Temporary Economic Refinancing Facility and repayable on quarterly basis.   |
| 21.4.8  | Bank Al Habib Limited             | 2,067,000    | 1,008,344 | The facility is secured against existing Joint pari passu charge over Group fixed assets (Land and Building ,Plant and Machinery ) with 25% margin. The repayment of loan (principal amount) will be made in equal quarterly installments. Mark up rate is 2.5% to 8% on Long Term Financing Facility and one year KIBOR plus spread on Temporary Economic Refinance Facility and repayable on quarterly basis.  |
| 21.4.9  | The Bank of Punjab                | 2,243,000    | 506,300   | During the year the, Group has entered into an arrangement with Bank of Punjab for obtaining further Term loan. The facility is secured against existing joint pari passu charge over group's fixed assets against plant and machinery of all units and land and building of only Hyderabad unit P-1 with 25% margin. The repayment of loan (principal amount) will be made in 32 equal quarterly installments with 2 years grace period. Mark up rate is 3 months Kibor rate + 1% against Term loan and 5% against long term finance facility and repayable on quarterly basis.   |
| 21.4.10 | National Bank of Pakist           | an750,000    | 509,959   | The facility is secured against first joint pari passu charge over Group fixed assets against plant and machinery of all units and   |

land and building of only Hyderabad unit P-1 with 25% margin duly registered with the Securities and Exchange Commission of Pakistan inclusive of 25% margin. The repayment of loan (principal amount) will be made in 32 quarterly installments with 2 years grace period. Mark up rate is 1.8% on temporary Economic Refinancing Facility and SBP rate + 1.25% on Renewable Energy Financing Facility and repayable on quarterly basis.

21.4.11 Bank AlFalah Limited 922,000 775,920

The facility is secured against existing joint pari passu charge over Group fixed assets against plant and machinery of all units and land and building of only Hyderabad unit P-1 with 25% margin. The repayment of loan (principal amount) will be made in 32 equal quarterly instalments with 2 years grace period. Mark up rate is KIBOR + 0.90% against Term loan and 3% to 5% against Long Term Finance Facility and repayable on quarterly basis. During the year, the Group has entered into an arrangement with the bank for obtaining Solar loan. The repayment of loan (principal amount) will be made in 32 quarterly instalments with 2 years grace period. Markup rate for the first year is 3 month KIBOR + 0.9% spread and later will be 3% to 6% as per renewable energy facility markup rates. This is because all solar loans are first disbursed as term finance loans and later on converted into renewable energy loans.

21.4.12 Meezan Bank Limited 2,832,000 1,037,806

The facility is secured against existing joint pari passu charge over Group fixed assets against with 25% margin. The repayment of loan (principal amount) will be made in 32 equal quarterly instalments with 2 years grace period. Mark up rate is 3% to 6 month KIBOR + 0.5% spread against long term finance facility and repayable on quarterly basis. During the year, the Group has entered into an arrangement with the Bank for obtaining Term loan. This facility is secured against Joint Pari Passu charge over Plant and Machinery located at Karachi, Muzaffargarh and Hyderabad. The repayment of loan (principal amount) will be made in 32 equal quarterly instalments with 2 years grace period. Mark up rate is 3 month kibor + 0.5% spread.

21.4.13 Faysal Bank Limited 1,000,000 812,036

The loan under this facility carries markup of 5.00%. Outstanding installments are repayable quarterly over the period of ten years with two years grace period. This loan is secured by way of Pari Passu charge over all present and future plant and machinery of the group with 25% margin.

- **21.4.14** This represents long term syndicated local debt financing from commercial banks up to Rs. 4,968 million. Initially, the loan is obtained under a mark-up arrangement @ 3 months KIBOR + 1.75%, repayable over 13 years starting from June 30, 2022. However subsequently, a conversion is applied with SBP for a subsidized rate arrangement of 4.75% (3% + 1.75%) as per the SBP Renewable Energy Refinance Scheme, repayable over 10 years from September 30, 2022. The loan is secured by way of first pari-passu hypothecation charge against the project assets.
- 21.4.15 On November 13, 2019, the Group entered into a Rupee Finance Agreement and Foreign Currency Facility Agreement with Local Lenders (consortium of multiple local financial institutions) and British International Investment PLC (BII) for availing long term financing facilities amounting to Rs. 4,968 million and USD 27.6 million respectively under Common Terms Agreement (CTA). The Group utilized Rs. 4,157 million and USD

26 million pertaining to Rupee Facility Agreement and Foreign Currency Facility Agreement respectively. The loan from BII carries interest at the rate of of 3 Month LIBOR plus 4.25%, payable quarterly. The loan from Local Lenders carries markup at SBP rate plus 1.75%. The loans are repayable in 40 equal quarterly installments and 51 variable quarterly installments as per the local and foreign facility agreements respectively. During the financial year ended June 30, 2024, local lenders and British international investment (BII) had amended the loan agreements including the repayment schedule thereby providing relaxation in the repayment of loan installments. As per the original schedules, the Group had to make first installment on June 30, 2022, which had been shifted to next quarter, thereafter, the remaining installments have been shifted accordingly as per the revised repayment schedule.

### 23.1 Staff retirement gratuity

The Group operates an unfunded gratuity scheme for all its confirmed employees who have completed the minimum qualifying period of service. Provision is made to cover obligations under the scheme on the basis of valuation conducted by a qualified actuary. The latest valuation was conducted on June 30, 2024 using Projected Unit Credit Method.

Details of assumptions used and the amounts recognized in these consolidated financial statements are as follows:

| 23.1.1 | Significant actuarial assumptions and methods           | 2024    | 2023    |
|--------|---|---------|---------|
|        | Discount rate   | 14.75%  | 16.25%  |
|        | Expected rate of increase in salary level               | 14.75%  | 16.25%  |
|        | Weighted average duration of defined benefit obligation | 7 years | 7 years |
|        | Average duration of liability                           | 6 years | 6 years |

The critical gap between the discount rate and salary growth rate is zero. This gap was 1% in previous year's valuation.

### 23.1.2 Assumptions

#### **Discount rate**

The market of high quality corporate bonds is not deep enough in Pakistan. Therefore, discount rate is based on market yields on government bonds as at the valuation date. The discount rate used for the valuation is 16.25% per annum. This rate is consistent with the guidelines of the Pakistan Society of Actuaries on setting discount rates.

### Rate of growth in salary

The gratuity benefits are calculated using the gross salary. In view of the market expectations and long-term monetary policy regarding inflation, it has been assumed that the average rate of long-term future salary increases will be 16.25% per annum.

### Mortality, Withdrawal and Disability Retirement Rates

The mortality rates used for active employees are based on SLIC (2001-05) Mortality Table.

The rates for withdrawal from service and retirement on ill-health grounds are based on industry / country experience.

Withdrawal rates used in this valuation are heavier than those used in the previous valuation.

The expected maturity analysis of undiscounted retirement benefit obligation is:

|                  | 2024                  | 2023    |  |
|------------------|-----------------------|---------|--|
|                  | Undiscounted payments |         |  |

Gas Infrastructure Development Cess (GIDC) was levied through GIDC Act, 2011 with effect from December 15, 2011 and was chargeable from industrial gas customers at different rates as prescribed by the Federal Government through OGRA notification.

On June 13, 2013, the Peshawar High Court declared the levy, imposition and recovery of the Cess unconstitutional with the direction to refund the "Cess" so far collected. Supreme Court of Pakistan examined the case and vide its findings dated August 22, 2014, concluded that GID Cess is a fee and not a tax and on either count the "Cess" could not have been introduced through a money bill under Article 73 of the Constitution and the same was, therefore, not validly levied in accordance with the Constitution. However, on September 25, 2014, the President of Pakistan had promulgated GID Cess Ordinance 2014, which was applicable to the whole of Pakistan and has to be complied by all parties.

On September 29, 2014, the Sindh High Court gave a stay order to various parties against the promulgation of Presidential order dated September 25, 2014.

On May 22, 2015, the GID Cess Act, 2015 was passed by Parliament applicable on all consumers. Following the imposition of the said Act, many consumers filed a petition in Sindh High Court and obtained stay order against the Act passed by the Parliament.

On October 26, 2016, the High Court of Sindh held that enactment of GIDC Act, 2015 is ultra-vires to the Constitution of Pakistan. Sui Southern Gas Company Limited has filed an intra-court appeal before the Divisional Bench of High Court of Sindh. On August 13, 2020, GIDC matter is decided by the Supreme Court of Pakistan and the Court has ordered gas consumers to pay outstanding amount of GIDC upto July 31, 2020 in twenty four equal monthly installments, starting from August 2020.

The Supreme Court, in its judgement dated November 03, 2020 allowed the recovery of the amount in 48 equal installments with one year grace period as oppose to 24 equal installments and 6 months grace period mentioned in the original decision dated August 13, 2020.

On September 29, 2020, we have challenged the imposition of GIDC upon us by SSGC and its quantum on various grounds including that the Group had a judgment from the Sindh High Court which was not appealed in time, that the Group had not passed on the burden of the Cess and in any event the 2015 Act could not apply with retrospective effect. Sindh High Court has passed restraining order dated September 29, 2020, due to this payment related to Karachi and Hyderabad unit has not yet paid.

This represents Government of Sindh, provision for Sindh Development and Infrastructure Fee and Duty 25.1 which was levied by the Excise and Taxation Department, on goods entering or leaving the province of Sindh, through air or sea at prescribed rate, under the Sindh Finance Ordinance, 2001. The imposition of the levy was initially challenged by the Group along with other affectees, in the High Court of Sindh, and the Court was pleased to grant an interim injunction, vide Order dated May 31, 2011, to the effect that for every consignment cleared after December 28, 2006, 50% of the value of infrastructure fee should be paid in cash and a bank guarantee for the remaining amount should be deposited with the Court until the final order is passed. However, as a matter of prudence, in 2021 the Group has paid 50% of the value of infrastructure fee to the concerned department and recorded liability for the remaining amount which is supported by a bank guarantee. Starting from September 2021, the Group is providing 100% bank guarantee in accordance with the order of Supreme Court of Pakistan dated September 01, 2021.

- 27.1 These carry mark-up ranging from 1 week,1 month and 3 months KIBOR + 0.01% to 1.5% (2023: 1 week,1 month and 3 month KIBOR + 0.05% to 1.75%). These are secured against charge over current assets of the Group with upto 25% margin.
- 27.2 These carry mark-up ranging from 3% to 10% (2023: 1% to 10%) on foreign currency borrowing amount. These arrangements are secured against charge over current assets of the Group, lien on export documents and registered hypothecation charge over current assets. These have original maturity period exceeding three months.

- **27.3** Foreign bill discounting facility amounting to Rs. 13,840 million (2023 : Rs. 2,790 million) at pricing of 4.5% to 7.5% (2023: 3% to 5%) per annum. The mark-up is payable at a source.
- 27.4 These carry mark-up rate ranging from 1 month KIBOR plus 0.05% to 0.75% (2023: 1 month KIBOR plus 0.05% to 0.75%). These are secured against registered hypothecation charge over current assets of the Group.
- 27.5 In IWEL working capital finance facility avail from a commercial bank aggregating to Rs. 1,000 million. The unavailed facility as at year end was Rs. 1000 million. The facility is secured by second ranking hypothecation charge on overall moveable assets (present and future), and first ranking hypothecation charge (ranking pari passu with the long term financing lenders) over receivables, inclusive of 20% margin, of Rs. 1,250 Million. The facility is subject to mark-up at the rate of 1 month KIBOR plus 1.5% per annum.
- **27.6** The Group has aggregated short-term borrowing facilities amounting to Rs. 42,315 million (2023: Rs. 31,680 million) from various commercial banks.

#### 28 CONTINGENCIES AND COMMITMENTS

## 28.1 Contingencies

- 28.1.1 The Holding Company, ILP and IHL have recognised GIDC payable amounting to Rs. 950.795 million in these consolidated financial statements on the basis of GIDC rate applicable to industrial consumers. However, SSGC and SNGPL has charged GIDC on the basis of GIDC tariff applicable to captive consumers resulting in differential of Rs. 1,059.76 million. The Holding Company, ILP and IHL has not recorded the provision representing differential arising due to use of captive connection rate instead of industrial connection rate in these consolidated financial statements, as the matter of application of captive or industrial tariff has been challenged in September 2020 before Lahore High Court, which is pending adjudication. The management of the Group expect favourable outcome in this regard.
- 28.1.2 The Holding Company is defendant in certain sales tax related matters with aggregate demand of Rs. 1.357 million (2023. Rs. 1.357 million). Based on views of its tax advisor, management is confident of favourable outcome in these matters and accordingly no provision has been recorded in these consolidated financial statements in this respect.
- 28.1.3 The IHL has filed income tax return for the tax year 2019 declaring taxable income amounting to Rs. 6.1 million and claiming refund amounting to Rs. 55.5 million. The said return is a deemed assessment order treated to be issued by the Commissioner by considering the provisions of section 120(1)(b) of the Ordinance. The Additional Commissioner Inland Revenue (""ADCIR"") amended the deemed assessment order under section 122(5A) of the Ordinance; thereby assessing taxable income at Rs. 23.5 million and refund at Rs. 25 million.
  - Being aggrieved by the order of the ADCIR, IHL preferred an appeal before the learned CIR(A), Lahore, whereby the case has been decided in favour of the Group.
- 28.1.4 The IHL has filed income tax return for the tax year 2022 declaring taxable income amounting to Rs. 30.64 million and claiming refund amounting to Rs.4.5 million. The said return is a deemed assessment order treated to be issued by the Commissioner by considering the provisions of section 120(1)(b) of the Ordinance. The Deputy Commissioner Inland Revenue("DCIR") issue the notice and add Exports income for the working of Super Tax which create liabilty Rs. 45.2 million. Being aggreived by the order of the ACIR, the Company has preferred an appeal before the learned CIR(A), Lahore but due to latest amendment in Finance Act, 2024 case transferred to ATIR, which is pending adjudication. The management expects favourable outcome and accordingly no provision has been recorded
- 28.1.5 In the books of the Holding Company and ILP, prior to certain amendments made through the Finance Acts of 2006 & 2008, Workers Welfare Fund (WWF) was levied at 2% of the total income assessable under the Income Tax Ordinance, 2001 excluding incomes falling under the Final Tax Regime (FTR). Through Finance

Act, 2008, an amendment was made in Section 4(5) of the WWF Ordinance, 1971 (the Ordinance) whereby WWF liability is applicable at 2% of the higher of the profit before taxation as per the accounts or declared income as per the return.

Aggrieved by the amendments made through the Finance Acts, certain stakeholders filed petition against the changes in the Lahore High Court which struck down the aforementioned amendments to the Ordinance in 2011. However, the Group together with other stakeholders filed the petition in the Sindh High Court which, in 2013, decided the petition against the Group and other stakeholders. Management has filed a petition before the Supreme Court of Pakistan against the decision of the Sindh High Court.

Supreme Court of Pakistan has passed an order dated November 10, 2016 that the Workers' Welfare Fund (WWF) is a fee, not a tax. Hence, the amendments made through Finance Acts, 2006 and 2008 have been declared invalid in the said order. The management has filed an application for rectification order amounting to Rs. 130.15 million for the years from 2010 to 2014 contending the fact that they had erroneously paid WWF despite of having exemption available to them.

#### 44 FINANCIAL RISK MANAGEMENT

The Board of Directors has overall responsibility for the establishment and oversight of the Group's financial risk management. The responsibility includes developing and monitoring the Group's risk management policies. To assist the Board in discharging its oversight responsibility, management has been made responsible for identifying, monitoring and managing the Group's financial risk exposures.

The Group's principal financial liabilities comprise long-term financing, short-term borrowings, trade and other payables, interest / dividend payable and financial guarantee contracts. The main purpose of these financial liabilities is to raise finance for the Group's operations. The Group has loans and advances, trade and other receivables, cash and bank balances and deposits that arise directly from its operations. The Group also holds long-term and short term investments.

The Group's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk).

The Group's exposure to the risks associated with the financial instruments and the risk management policies and procedures are summarized as follows:

#### 44.1 Credit risk and concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Group's performance to developments affecting a particular industry. The Group's does not have any significant exposure to customers from any single country or single customer.

Credit risk of the Group arises principally from the trade debts, loans and advances, other financial assets (mutual funds) and bank balances. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows:

|                    | 2024 2023<br>(Rupees in '000) |            |
|--------------------|-------------------------------|------------|
| Long-term deposits | 20,451                        | 19,848     |
| Trade debts        | 17,510,904                    | 17,490,955 |
| Loans              | 15,401                        | 12,987     |
| Other receivables  | 493,068                       | 363,662    |
| Trade deposits     | 15,022                        | 9,864      |
| Bank balances      | 1,297,051                     | 1,000,039  |
|                    | 19,351,897                    | 18,897,355 |

The credit quality of receivable can be assessed with reference to their historical performance with negligible defaults in recent history.

Trade debts are due from foreign and local customers for export and local sales respectively. Trade debts from foreign customers are secured against letters of credit. Management assesses the credit quality of local and foreign customers, taking into account their financial position, past experience and other factors. Though there are few past due trade debts, however, such are not impaired as per management assessment.

#### Credit risk related to equity investments and cash deposits

The Group limits its exposure to credit risk of investments by only investing in listed mutual funds units having good stock exchange rating. Credit risk from balances with banks and financial institutions is managed by Finance Director in accordance with the Group's policy.

The credit risk on liquid funds (bank balances) is limited because the counter parties are banks with a reasonably high credit rating. The names and credit rating of major banks where the Group maintains its bank balances are as follows:

| Name of bank                               | Rating | Credit r  | ating      |
|--|--------|-----------|------------|
| Name of Dank                               | agency | Long-term | Short-term |
| Habib Bank Limited                         | VIS    | AAA       | A1+        |
| J.S Bank Limited                           | PACRA  | AA        | A1+        |
| Soneri Bank Limited                        | PACRA  | AA-       | A1+        |
| MCB Bank Limited                           | PACRA  | AAA       | A1+        |
| Allied Bank Limited                        | PACRA  | AAA       | A1+        |
| Dubai Islamic Bank (Pakistan) Limited      | VIS    | AA        | A1+        |
| United Bank Limited                        | VIS    | AAA       | A1+        |
| Habib Metropolitan Bank Limited            | PACRA  | AA+       | A1+        |
| Meezan Bank Limited                        | VIS    | AAA       | A1+        |
| Bank Alfalah Limited                       | PACRA  | AAA       | A1+        |
| Bank Islami Pakistan                       | PACRA  | AA-       | A1         |
| Askari Bank Limited                        | PACRA  | AA+       | A1+        |
| Bank Al-Habib Limited                      | PACRA  | AAA       | A1+        |
| National Bank of Pakistan                  | PACRA  | AAA       | A1+        |
| Standard Chartered Bank (Pakistan) Limited | PACRA  | AAA       | A1+        |
| The Bank of Punjab                         | PACRA  | AA+       | A1+        |

#### 44.2 Liquidity risk management

Liquidity risk is the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Group could be required to pay its liabilities earlier than expected or would have difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The Group ensures that it has sufficient cash on demand to meet expected working capital requirements. Following are the contractual maturities of financial liabilities, including interest payments and excluding the impact of netting agreements:

#### 44.2.1 Liquidity and interest risk table

The following tables displays the Group's remaining contractual maturity for its non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

| -                          | Carrying<br>Values | Contractual<br>Cash Flows | Upto 1 years     | 1 to 5 years | More than 5 years |
|----------------------------|--------------------|---------------------------|------------------|--------------|-------------------|
| -                          |                    |                           | Rupees in '000'  |              |                   |
| Long-term financing        | 22,919,230         | 28,481,756                | 2,745,666        | 17,942,525   | 7,793,565         |
| Trade and other payables   | 4,070,448          | 4,070,448                 | 4,070,448        | -            | -                 |
| Short-term borrowings      | 18,048,142         | 18,048,142                | 18,048,142       | -            | -                 |
| Unclaimed dividends        | 2,384              | 2,384                     | 2,384            | -            | -                 |
| Interest / mark-up payable | 597,128            | 597,128                   | 597,128          | -            | -                 |
| Lease liabilities          | 54,525             | 91,135                    | 30,060           | 26,835       | 34,240            |
| 2024                       | 45,691,857         | 51,290,993                | 25,493,828       | 17,969,360   | 7,827,805         |
| -                          | Carrying<br>Values | Contractual Cash Flows    | Upto 1 years     | 1 to 5 years | More than 5 years |
|                            |                    |                           | Rupees in '000'- |              |                   |
| Long-term financing        | 23,843,808         | 27,473,779                | 2,236,601        | 15,261,159   | 9,976,019         |
| Trade and other payables   | 3,388,811          | 3,388,811                 | 3,388,811        | -            | -                 |
| Short-term borrowings      | 20,078,366         | 20,078,366                | 20,078,366       | -            | -                 |
| Unclaimed dividends        | 19,009             | 19,009                    | 19,009           | -            | -                 |
| Interest / mark-up payable | 959,534            | 959,534                   | 959,534          | -            | -                 |
| Lease liabilities          | 59,836             | 141,207                   | 23,884           | 83,083       | 34,240            |
| 2023                       | 48,349,364         | 52,060,706                | 26,706,205       | 15,344,242   | 10,010,259        |

The effective rate of interests on non-derivative financial liabilities are disclosed in respective notes.

#### 44.3 Market risk management

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.

#### 44.3.1 Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate risk arises from long and short-term borrowings from financial institutions. At the reporting date the interest rate risk profile of the Group's interest-bearing financial instruments is:

|                           | Carrying amount |            |
|---------------------------|-----------------|------------|
|                           | 2024            | 2023       |
|                           | (Rupees         | in '000)   |
| Fixed rate instruments    |                 |            |
| Financial liabilities     | 26,947,795      | 26,168,660 |
| Variable rate instruments |                 |            |
| Financial liabilities     |                 |            |
| - KIBOR based             | 7,634,772       | 10,750,317 |
| - LIBOR based             | 6,463,393       | 7,068,976  |
| Financial assets          |                 |            |
| - KIBOR based             | 786,455         | 494,613    |

#### Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, therefore, a change in interest rate at the reporting date would not affect consolidated statement of profit or loss.

#### Cash flow sensitivity analysis for variable rate instruments

If interest rates had been 50 basis points higher / lower and all other variables were held constant, the Group's profit before tax for the year ended June 30, 2024 would decrease / increase by Rs. 665.586 million (2023: Rs. 866.234 million). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings determined on outstanding balance at year end.

#### 44.3.2 Foreign exchange risk management

| Exposure to currency risk         | 20           | 24        | 2023             |                  |
|-----------------------------------|--------------|-----------|------------------|------------------|
|                                   | Rupees       | US Dollar | Rupees           | US Dollar        |
|                                   |              |           | - '000           |                  |
| Trade debts                       | 4,183,078    | 15,029    | 7,255,830        | 25,371           |
| Bank balances                     | 193,019      | 693       | 216,643          | 758              |
| Foreign currency loans            | (16,806,866) | (60,382)  | (16,156,259)     | (56,492)         |
|                                   | (12,430,769) | (44,660)  | (8,683,786)      | (30,363)         |
|                                   |              |           | 2024             | 2023             |
| Reporting date rate  Average rate |              |           | 278.34<br>283.24 | 285.99<br>286.18 |

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly where receivables and payables exist due to transactions entered into foreign currencies. The Group is exposed to foreign currency risk on sales, purchases and borrowings, which are entered in a currency other than Pak Rupees.

At June 30, 2024, if the Rupee had weakened / strengthened by 5% against the US Dollar with all other variables held constant, profit before tax for the year would have been higher / lower by Rs. 621.538 million (2023: higher / lower by Rs. 434.189 million) determined on the outstanding balance at year end.

#### 44.3.3 Equity price risk management

The Group's listed securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Group manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Group's senior management on a regular basis. The Group's Board of Directors reviews and approves all equity investment decisions.

At the reporting date, the exposure to listed equity securities including units of mutual funds are at fair value was Rs. 34.511 million (2023: Rs. 140.18 million). A decrease / increase of 5% in market prices or net assets value would have an impact of approximately Rs. 1.726 million (2023: Rs. 7.009 million) on profit for the year determined based on market value of investments at year end.

#### 44.3.4 Fair value estimation

Fair value is the price that would be received to sell an asset or paid or transfer a liability in an orderly transaction between market participants and measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Group is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Group is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13, 'Fair Value Measurements' requires the Group to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- "- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2)."
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

Details of fair value hierarchy and information relating to fair value of Group investment categorised as fair value through profit or loss is as follows:

|                              |            |         | June 3  | 0, 2024     |         |
|------------------------------|------------|---------|---------|-------------|---------|
|                              |            | Level 1 | Level 2 | Level 3     | Total   |
|                              | Note       |         | (Rupe   | es in '000) |         |
| Financial assets measured at | fair value |         |         |             |         |
| Other financial assets       | 16         | 31,096  | 9,031   | -           | 40,127  |
|                              |            |         | June 3  | 0, 2023     |         |
|                              |            | Level 1 | Level 2 | Level 3     | Total   |
|                              |            |         | (Rupee  | es in '000) |         |
| Financial assets measured at | fair value |         |         |             |         |
| Other financial assets       | 16         | 38,933  | 101,247 | -           | 140,180 |

There were no transfers amongst the levels during the current and preceding year. The Group's policy is to recognize transfer into and transfers out of fair value hierarchy levels as at the end of the reporting periods.

#### 45 CAPITAL RISK MANAGEMENT

The objective of the Group when managing capital, i.e., its shareholders' equity, is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and to maintain a strong capital base to support the sustained development of its businesses.

The Group manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend paid to shareholders or issue new shares.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including 'current and non-current borrowings' as shown in the statement of financial position) less cash and cash equivalents. Total capital is calculated as 'equity' as shown in the consolidated statement of financial position plus net debt.

The gearing ratios at June 30, 2024 and 2023 were as follows:

|  | 2024<br>(Rupees | 2023<br>in '000) |
|--|-----------------|------------------|
| Total borrowings (note 21 & 27)        | 40,967,372      | 43,922,174       |
| Less: cash and bank balances (note 18) | (1,315,615)     | (1,008,130)      |
| Net debt                               | 39,651,757      | 42,914,044       |
| Total equity                           | 31,947,595      | 31,481,480       |
| Total capital                          | 71,599,352      | 74,395,524       |
| Gearing ratio                          | 55%             | 58%              |

The gearing ratio of the Group is decreased by 3% as the Group obtained the debt to finance the expansion made.

#### 46 CAPACITY AND PRODUCTION

| Spinning units  | 2024        | 2023        |
|---|-------------|-------------|
| Total number of spindles installed  | 252,652     | 237,509     |
| Total number of spindles worked per annum (average)                               | 241,458     | 209,177     |
| Number of shifts worked per day   | 3           | 3           |
| Installed capacity of yarn converted into 20 counts based on 365 days (lbs.)      | 180,716,610 | 163,105,380 |
| Actual production for the year after conversion into 20 counts (lbs.)             | 166,085,068 | 155,047,156 |
| Power Generation unit   |             |             |
| Installed capacity (theoretical maximum output in MWh) (25 turbines of 2 MW each) | 439,200     | 438,000     |
| Actual production (MWh)   | 173,135     | 151,860     |
| Capacity utilization factor   | 39.42%      | 34.67%      |

Theoretical maximum output is of 366 days (2023: 365 days from COD). The Capacity utilization factor calculated above is total gross generation of 366 days (2023: 365 days from COD) over theoretical maximum output of 366 days (2022: 365 days from COD). The actual production is subject to actual load demanded and wind conditions.

| Weaving unit            | 2024       | 2023       |
|-------------------------|------------|------------|
| Normal capacity (Lbs)   | 29,062,687 | 29,062,687 |
| Actual Production (Lbs) | 21,478,272 | 20,554,296 |

The difference between the installed capacity and actual production is due to the annual demand variations of the Groups products.

#### 47 SEGMENT REPORTING

The Group's core business is manufacturing and sale of yarn and it generates more than 90% of its revenue and profit from the production and sale of yarn. Decision making process is centralized at head office led by Chief Executive Officer who is continuously involved in day to day operations and regularly reviews operating results and assesses its performance and makes necessary decisions about resources to be allocated to the segments. Currently, the Group has five yarn manufacturing units at Hyderabad, Karachi, Muzaffargarh, Faisalabad and Lahore. Owing to the similarity in nature of the products and services, nature of the production processes, type or class of customers for the products and services, the methods used to distribute the products and the nature of the regulatory environment, all the yarn producing units are aggregated into a single operating segment and the Group's performance is evaluated by the management on an overall basis, therefore these operational segments by location are not separately reportable segments. The Group also has two ginning units including one on leasing arrangement in District Multan. The Group also holds investments in equity shares of listed companies, long-term strategic investments in an associated company results of which are disclosed in note 8.1 to these consolidated financial statements.

#### 48 NUMBER OF EMPLOYEES

|   | Number of employees |       |
|---|---------------------|-------|
|   | 2024                | 2023  |
| Average number of employees during the year | 7,723               | 7,411 |
| Number of employees as at June 30           | 7,782               | 7,037 |

**48.1** Daily wage employees are not included in the above number of employees.

#### 49 RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

|                         | Long term financing | Dividend     | Lease<br>liabilities |
|-------------------------|---------------------|--------------|----------------------|
|                         | F                   | Rupees '000' |                      |
| Balance as at July 1    | 23,822,721          | 19,009       | 77,214               |
| Non cash item           | (50,168)            | -            | 11,433               |
| Financing cash inflows  | 1,611,230           | -            | -                    |
| Financing cash outflows | (2,464,553)         | (16,625)     | (34,122)             |
|                         | 22,919,230          | 2,384        | 54,525               |

#### 50 CORRESPONDING FIGURES

Corresponding figures have been reclassified in these consolidated financial statements, wherever necessary to facilitate the comparison and to conform with changes and presentation in the current year. However, no significant reclassifications were made in the consolidated financial statements.

#### 51 DATE OF AUTHORISATION FOR ISSUE

These consolidated financial statements have been authorised for issue on October 04, 2024 by the Board of Directors of the Group.

#### 52 GENERAL

Figures have been rounded off to the nearest rupees in thousand.

Chief Financial Officer

Chief Executive Officer

بورڈ کے پاس اپنے ڈائریکٹرز ایگزیکیٹو/نان ایگزیکٹیو کے لیے باضابطہ معاوضے کی پالیسی ہے جسے بورڈ آف حکمت عملی کے ایک جزو کے طور پر ڈیزائن کیا گیا ہے اور دونوں HR ڈائریکٹرز نے منظور کیا ہے۔ پالیسی کو کاروباری حکمت عملی کی حمایت کرنے کی ضرورت ہے۔ بورڈ کا خیال ہے کہ یہ پالیسی کمپنی کو چلانے اور ،چلانے کے لیے بہترین ایگزیکٹوز اور ڈائریکٹرز کو راغب کرنے اور برقرار رکھنے کے ساتھ ساتھ ڈائریکٹرز ایگزیکٹوز اور شیئر ہولڈرز کے درمیان ہم آہنگی پیدا کرنے کے لیے موزوں اور موثر ہے۔

## آڈیٹرز کی تقرری

یوسف عادل چارٹرڈ اکاؤنٹنٹس ایک نامور چارٹرڈ اکاؤنٹنٹس فرم ہے جس نے کمپنی کے ساتھ اپنی تقرری کی مدت مکمل کی ہے اور اہل ہونے کے بعد ایک اور مدت کے لیے اپنی خدمات کی پیشکش کی ہے۔ کمپنی کے بورڈ آف ڈائریکٹرز نے بورڈ کی آڈٹ کمیٹی کی سفارشات کی بنیاد پر یوسف عادل کو یقینی سال کے لیے کمپنی کے آڈیٹرز کے طور پر دوبارہ تقرری کی تجویز دی ہے۔

### ماحولیات، صحت اور حفاظت

آپ کی کمپنی پیداواری سہولیات پر تمام ماحولیاتی پالیسیوں کی تعمیل کرتے ہوئے ہر ایک کے لیے اچھی آب و ہوا کے تحفظ کے لیے پرعزم ہے۔

#### اندرونى آڈٹ فنکشن

بورڈ نے کمپنی کے کاروبار کو آگے بڑھانے کے لیے آپریشنل، مالیاتی اور تعمیل کنٹرول کے ساتھ موثر اور توانا اندرونی کنٹرول سسٹم قائم کیا ہے۔ اندرونی آڈٹ کے نتائج کا آڈٹ کمیٹی جائزہ لیتی ہے، اور جہاں ضروری ہو، اندرونی آڈٹ رپورٹس میں موجود سفارشات کی بنیاد پر کارروائی کی جاتی ہے۔

## شيئر بولڈنگ پيٹرن

جون 30 2024 کو شیئر ہولڈنگ پیٹرن منسلک ہے۔

## ویب کی موجودگی

حصص یافتگان اور دیگر افراد کی معلومات کے لیے کمپنی کے سالانہ اور متواتر مالی بیانات کمپنی کی ویب سائٹ پر بھی دستیاب ہیں۔ http://www.indus-group.com

اعتراف

ہم کمپنی کے ہر ملازم کے تعاون کو تسلیم کرتے ہیں۔ ہم اپنی مصنوعات میں دکھائے گئے اعتماد کے لیے اپنے صارفین اور کمپنی کے لیے مسلسل تعاون کے لیے بینکرز کا شکریہ ادا کرنا چاہیں گے۔

ہم اپنے شیئر ہولڈرز کے بھی شکر گزار ہیں کہ انہوں نے ہماری انتظامیہ پر اعتماد کیا۔

بورڈ آف ڈائریکٹرز کی جانب سے

- ❖ اندرونی کنٹرول کا نظام ڈیزائن میں درست ہے اور اسے مؤثر طریقے سے لاگو کیا گیا ہے اور اس کی نگرانی
   کی گئی ہے۔ اس بات کو یقینی بنانے کے لیے کنٹرول کے طریقہ کار پر زور دیا جا رہا ہے کہ کمپنی کی
   پالیسیوں پر عمل کیا جائے اور کسی ہے ضابطگی کی صورت میں بروقت اصلاح کی جائے۔
- بورڈ اس بات سے مطمئن ہے کہ کمپنی ایک جاری تشویش ہے، آڈیٹرز نے اپنی رپورٹ میں تشویش کے معاملے پر زور دیا ہے تاہم یہ مالیاتی بیانات مالی بیانات میں مکمل طور پر ظاہر ہونے والی وجوہات کی بنا پر تیار کیے گئے ہیں۔
  - پریٹنگ اور مالیاتی ڈیٹا منسلک ہے۔
- ❖ ٹیکسز، ڈیوٹی، لیویز اور چار جز کی مد میں کوئی مجسمہ ادائیگیاں نہیں ہیں جو کہ جون 30 2024 تک بقایا ہیں سوائے مالی بیانات میں ظاہر کردہ۔

#### بورڈ کی تشکیل

بورڈ کی تشکیل کوڈ آف کارپوریٹ گورننس کے ضوابط، 2019 کے نقاضوں کے مطابق ہے جو درج فہرست اداروں پر لاگو ہوتا ہے جو ذیل میں دیا گیا ہے

## بورڈ آف ڈائریکٹرز

سی ای او، ڈائریکٹرز، میاں بیوی اور نابالغ کی طرف سے کمپنی کے تحفے کے ذریعے حصص میں موصول ہونے :والی جائزے کی مدت کے دوران

لیا ہے، جس کے جلد ہی مکمل ہونے کی امید ہے۔ یہ معاہدہ دوسرے بین الاقوامی قرض دہندگان کے لیے اپنی مالی سہولیات میں توسیع یا رول اوور کرنے کی راہ ہموار کر سکتا ہے۔

اس سال ٹیکسٹائل سیکٹر کے لیے ایک بڑا چیلنج پاکستان کی کپاس کی فصل کو مسلسل مون سون بارشوں کی وجہ سے نقصان ہے، خاص طور پر کپاس پیدا کرنے والے اہم علاقوں میں۔ مسلسل بارش نے فصل کی کٹائی میں تاخیر کی ہے اور بیج کپاس کی آمد میں تیزی سے کمی کا باعث بنی ہے، جس سے بہت سی جننگ فیکٹریوں کو ناکافی سپلائی کی ،وجہ سے کام بند کرنا پڑا۔ اگست کے وسط تک، روئی کی آمد نمایاں طور پر کم ہو کر صرف 1.0 ملین گانٹھیں رہ گئی جو کہ گزشتہ سال کی اسی مدت کے دوران 2.1 ملین گانٹھوں کے مقابلے میں تھی۔ موسلا دھار بارش نے صورتحال کو مزید نقصان پہنچا۔

فنانس بل میں متعارف کرائے گئے اقدامات سے اضافی چیلنجز پیدا ہوتے ہیں، جن میں ایکسپورٹ فیسیلیٹیشن سکیم تحت مقامی سپلائیز پر زیرو ریٹنگ کی سہولت کا خاتمہ، خام مال کی درآمدات پر ڈیوٹی کا نفاذ، انفراسٹرکچر (EFS) میں اضافہ، اور ایک شفٹ شامل ہیں۔ ٹیکس کے نظام میں حتمی ٹیکس نظام سے نارمل ٹیکس نظام تک۔ یہ CESS تبدیلیاں کیش فلو کے انتظام پر دباؤ ڈال رہی ہیں اور پاکستان کے ٹیکسٹائل سیکٹر کو بین الاقوامی مارکیٹ میں کم مسابقتی بنا رہی ہے۔

#### سماجی ذمہ داری

انتظامیہ لوگوں کو بااختیار بنانے کے لیے کام کرتی ہے تاکہ وہ عالمی معیشت میں کامیابی کے لیے درکار مہارتوں کو تیار کر سکیں۔ کمپنی کمیونٹیز کو معلومات، ٹیکنالوجی اور صحت، تعلیم اور معاش کے بہتر نتائج حاصل کرنے کی صلاحیت سے آراستہ کرتی ہے۔

اس نقطہ نظر کی کلید کمپنی کے ملازمین ہیں جو کمیونٹیز کی خدمت کے لیے اپنا وقت، تجربہ اور ہنر دل کھول کر دیتے ہیں۔ کمپنی انہیں ایسا کرنے کے لیے حوصلہ افزائی اور سہولت فراہم کرتی ہے۔

## بیلنس شیٹ بنانے کے بعدمعاملات

مالی سال کے اختتام جس سے یہ بیلنس شیٹ متعلقہ ہے اور ڈائریکٹر کی رپورٹ کی تاریخ کے درمیان کمپنی کی مالی پوزیشن کو متاثر کرنے والی کوئی مادی تبدیلیاں اور و عدے نہیں ہوئے ہیں۔

## متعلقہ فریق کے لین دین

کمپنی نے تمام متعلقہ پارٹی ٹرانزیکشنز کو آڈٹ کمیٹی اور بورڈ کے سامنے ان کے جائزے اور منظوری کے لیے پیش کیا ہے۔ ان ٹرانزیکشنز کی منظوری آڈٹ کمیٹی اور بورڈ نے اپنے اپنے اجلاسوں میں دی ہے۔ تمام متعلقہ فریق کے لین دین کی تفصیلات جون 30 2024 کو ختم ہونے والے سال کے لیے منسلک مالی بیانات کے نوٹ 42 میں فراہم کی گئی ہیں۔

## كارپوريث گورننس، مالياتى رپورٹنگ اور اندرونى كنثرول كا نظام

کمپنی اچھی کارپوریٹ گورننس اور بہترین طریقوں کی تعمیل کے لیے پر عزم ہے۔ پاکستان سٹاک ایکسچینج کی طرف سے ان کی فہرست سازی کے ضابطوں میں کوڈ آف کارپوریٹ گورننس کے تقاضوں کی تعمیل کی گئی ہے۔ اس سلسلے میں ایک بیان رپورٹ کے ساتھ منسلک ہے۔

## ہمیں یہ اطلاع دیتے ہوئے خوشی ہو رہی ہے کہ

- ❖ ،کمپنی کی انتظامیہ کی طرف سے تیار کردہ مالیاتی بیانات اس کے معاملات کی صور تحال، اس کے آپریشنز
   کیش فلو اور ایکویٹی میں ہونے والی تبدیلیوں کا نتیجہ پیش کرتے ہیں۔
  - 💠 کمپنی کے کھاتوں کی صحیح کتابیں رکھی گئی ہیں۔
- مالیاتی گوشواروں کی تیاری میں مناسب اکاؤنٹنگ پالیسیوں کو مستقل طور پر لاگو کیا گیا ہے اور وہاں سے کسی بھی روانگی کا مناسب طور پر انکشاف اور وضاحت کی گئی ہے۔

## شیئر ہولڈرز کو ڈائریکٹرز کی ریورٹ

انڈس ڈائنگ اینڈ مینوفیکچرنگ کمپنی لمیٹڈ کے ڈائریکٹرز کو کمپنی کے 67 سالانہ اجلاس سے پہلے 30 جون 2024 کو ختم ہونے والے سال کے آڈٹ شدہ مالیاتی گوشواروں کے ساتھ سالانہ رپورٹ پیش کرنے پر خوشی ہے۔

## کمپنی کی مجموعی مالی جہلکیاں حسب ذیل ہیں

| 2023           | 2024        | جون 30کو ختم ہونے والے سال کے لیے |
|----------------|-------------|-----------------------------------|
| (روپے 000 میں) |             |                                   |
| 81,565,482     | 105,635,554 | فروختگي                           |
| 8,924,777      | 8,069,054   | مجمو عى منافع                     |
| 699,726        | 935,473     | دیگر آپریٹنگ آمدنی                |
| (3,564,483)    | (5,017,318) | مالیاتی لاگت                      |
| (1,022,527)    | (525,774)   | ٹیکس لگانے کا انتظام              |
| 1,992,117      | 532,647     | ٹیکس کے بعد سال کا منافع          |
| 36.74          | 9.82        | آمدنی فی حصص                      |

## منافع

بورڈ آف ڈائریکٹرز نے 30 جون 2024 کو ختم ہونے والے سال کے لیے ورکنگ کیپیٹل کی ضروریات اور لیکویڈیٹی پوزیشن کے حساب سے کسی ڈیویڈنڈ کا اعلان نہیں کیا ہے۔

#### في حصص آمدني

مجموعی آمدنی فی حصص روپے ہے۔ 9.82 روپے کے مقابلے میں پچھلے سال 36.74 فی حصص اکیلے بنیاد پر کمپنی کی فی حصص آمدنی روپے ہے۔ روپے کے مقابلے میں 1.35 فی شیئر پچھلے سال 13.06 فی شیئر۔

#### کاروبار کی نوعیت میں تبدیلی

اس مدت کے دوران کمپنی کے کاروبار کی نوعیت میں کوئی تبدیلی نہیں آئی۔

#### کاروبار کا جائزہ

فروخت میں اضافے کے ساتھ کمپنی کی کارکردگی تسلی بخش ہے۔ زیر نظر سال کے دوران کمپنی کی گروپ سیلز میں ۔ گزشتہ سال کے مقابلے میں 29.5 فیصد اضافہ ہوا ہے

گزشتہ سال کے 1,992.117 ملین روپے کے منافع کے مقابلے میں 532.647 ملین روپے کا بعد از ٹنیکس منافع کمایا

## مستقبل کا نقطہ نظر

عالمی معیشت میں معتدل رفتار سے نمو متوقع ہے، پاکستان کی جی ڈی پی صرف 4 فیصد سے کم رہنے کا امکان ہے۔ عالمی قیمتوں کے (SBP) آنے والے سال میں افراط زر کی شرح میں کمی کی توقع ہے، اور اسٹیٹ بینک آف پاکستان رجحانات کے جواب میں ٹسکاؤنٹ کی شرح کو مزید کم کر سکتا ہے۔ نئے سال کے آغاز کے ساتھ ملکی کرنسی نے استحکام کا مظاہرہ کیا ہے، اور اس رجحان کو برقرار رکھنے کے لیے پالیسی میں تسلسل ضروری ہے۔ حکومت نے IMF کے ساتھ 7 بلین امریکی ڈالر کی توسیع فنڈ سہولت (EFF) کے لیے عملے کی سطح کا ایک معادہ بھی حاصل کر
